

NOX NIGHTTIME OPTIC EXTENSION FOR KDG OPTICS HUB - KINETIC DEVELOPMENT GROUP LLC NOX OPTIC EXTENSION FOR KDG OPTICS HUB PICATINNY BLACK

[Optics & Mounting](#) > [Night Vision](#) > [Mounts & Accessories](#) > [Monoculars](#)

The Nighttime Optic Extension (NOX) is an add-on attachment for the Optics Hub, or can be utilized as a standalone unit, that gives you the ability to attach a night vision and/or thermal scope to the front or rear of your spotting scope. The NOX Attachment is a direct fitment that attaches to the bottom of the Optics Hub. Affixed with 1913 picatinny rail and completely adjustable for height and length, the NOX will ensure the fitment of a variety of optics and tripod attachment so you can own the night. Made from 6061 T6 aircraft grade aluminum alloy and type 3 hardcoat anodized for a rugged, non-reflective finish. The NOX Attachment is a great addition for hunting, law enforcement agencies, military personnel or anyone who just likes to watch. SPECS: 6061 T6 aircraft grade aluminum Type 3 hardcoat anodized black 16.6 oz Dimensions: LxWxH: 13.3 x 3.5 x 3 (inches) Simple assembly required
Optics Hub SOLD SEPERATELY ***Spotting scope not included***

NOX Nighttime Optic Extension Safety Instructions

Introduction

Thank you for choosing the NOX Nighttime Optic Extension for KDG Optics Hub. This guide provides important safety information and instructions for the proper use of the product. Please read this manual carefully before using the NOX Attachment to ensure safe operation and optimal performance.

General Safety Guidelines

- Always use the NOX Nighttime Optic Extension in accordance with these safety guidelines.
- Ensure that all components are in good condition and free from damage before use.
- Keep the product out of reach of children and vulnerable individuals.
- Do not use the NOX Attachment in any manner that is not intended or recommended by the manufacturer.
- Regularly check for any wear or damage to the product and replace parts as necessary.
- Report any unsafe products or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Ensure that the NOX Attachment is securely mounted to the Optics Hub before use.
- Avoid exposing the product to extreme temperatures, moisture, or corrosive substances.
- Do not exceed the weight limit of the mounting system when attaching optics.
- Use caution when handling the NOX Attachment and any attached optics to avoid injury.
- Always wear appropriate protective eyewear when using night vision or thermal optics.
- If using in a hunting or military context, follow all relevant local laws and regulations.

Instructions for Installation and Usage

1. Installation

- Ensure that the Optics Hub is securely mounted and stable.
- Align the NOX Attachment with the mounting point on the bottom of the Optics Hub.
- Securely fasten the NOX Attachment to the Optics Hub using the provided hardware.
- Adjust the height and length of the NOX Attachment as needed to accommodate your optics.

2. Usage

- Before using the NOX Attachment, confirm that it is properly installed and secure.
- Attach your night vision or thermal scope to the NOX Attachment using the 1913 picatinny rail.
- Adjust the optics for optimal viewing and ensure they are securely fastened.
- After use, detach the optics and store the NOX Attachment in a safe, dry place.

Disposal Instructions

- Dispose of the NOX Nighttime Optic Extension in accordance with local regulations for electronic and metal waste.
- Do not dispose of the product in regular household waste.
- If you are unsure about disposal methods, contact local waste management authorities for guidance.

Contact Information for Further Support

For any inquiries regarding the NOX Nighttime Optic Extension, please consult the manufacturer's website or contact your local dealer for assistance.

By following these safety instructions, you can ensure a safe and enjoyable experience with your NOX Nighttime Optic Extension. Thank you for your attention to these guidelines.
