

EXOS-515 PISTOL COMPENSATOR FOR SIG SAUER® P320 - FAXON FIREARMS EXOS-515 PISTOL COMPENSATOR FOR SIG SAUER P320 BLACK

[Handgun Parts](#) > [Barrel Parts](#) > [Muzzle Devices](#) > [Compensators](#)

Consistency is key. Improve your shot with Faxon Firearms' EXOS Pistol Compensators. Faxon Firearms Pistol Compensators have been tested and confirmed compatible with SIG P320 Full-Size pistols. Compensators were not tested on, but reasonably could be compatible with the SIG P320 Compact/Carry pistol, though testing was not done on this model specifically. Constructed of 6061 Aluminum with a black anodized finish, Faxon Pistol Compensators feature a uniquely angled front port single chamber design, enabling the compensator to improve consistency while reducing muzzle climb and recoil. The angled ports allow gas to deflect upwards as opposed to only deflecting sideways, reducing up and down muzzle movement and improving reliability. Barrel protrusion is designed to fit flush with the slide and has been optimized for Faxon branded barrels. For all other barrels, the barrel should protrude .600" or less for a flush fit. Each compensator comes complete with thread locker, two 6-32 set screws, and a 1/16 Allen wrench. SPECIFICATIONS: Length: 1.4in Width: 1.1in Height: 1.4in Weight: .08lbs Thread: 1/2x28
*Compensators can affect the timing of your pistol and may require adjustments in lubrication, ammunition, and other areas. Fitment with pistols or generations other than the SIG P320 Full-Size pistol cannot be guaranteed.

Safety Instruction Guide for EXOS515 Pistol Compensator for SIG Sauer P320

Introduction

Thank you for choosing the EXOS515 Pistol Compensator by Faxon Firearms. This product is designed to improve the performance of your SIG Sauer P320 FullSize pistol. To ensure safe usage and optimal performance, please read this safety instruction guide carefully before installation and use.

General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Familiarize yourself with the operation and safety features of your SIG Sauer P320.
- Use only compatible ammunition as specified by the manufacturer.
- Ensure that the compensator is installed correctly to avoid malfunctions.
- Regularly inspect the compensator for signs of wear or damage.
- Store the compensator and your firearm in a secure location, away from children and unauthorized users.
- Follow all local laws and regulations regarding firearm modifications and accessories.

Specific Safety Precautions for Use

- The EXOS515 Pistol Compensator is compatible with SIG Sauer P320 FullSize pistols. Use with other models may not be guaranteed.
- Compensators can affect the timing of your pistol. Adjustments in lubrication and ammunition may be necessary.
- Do not attempt to modify the compensator or your firearm beyond the manufacturer's specifications.
- Always wear appropriate eye and ear protection when shooting.
- If you experience any malfunctions, cease use immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

Installation Steps

1. **Prepare Your Firearm:** Ensure your SIG Sauer P320 is unloaded and pointed in a safe direction.
2. **Remove the Current Barrel:** Follow the manufacturer's instructions to safely remove the barrel from the slide.
3. **Install the Compensator:**
 - Align the compensator with the barrel.
 - Ensure the barrel protrusion is .600 inches or less for a flush fit.
 - Use the provided thread locker on the threads of the barrel before attaching the compensator.
 - Secure the compensator using the two 632 set screws provided.
4. **Tighten the Screws:** Use the included 1/16 Allen wrench to tighten the screws securely.
5. **Reassemble Your Firearm:** Follow the manufacturer's instructions to reassemble your SIG Sauer P320.

Usage Tips

- After installation, test fire the pistol in a safe and controlled environment.
- Monitor the performance of the compensator during use. If you notice any unusual behavior, cease use and inspect the installation.
- Maintain your compensator and firearm regularly to ensure optimal performance.

Disposal Instructions

- Dispose of the EXOS515 Pistol Compensator in accordance with local regulations.
- Do not dispose of any firearm components in regular household waste.
- Contact your local waste management facility for information on proper disposal methods.

Contact Information for Further Support

For any inquiries regarding safety, installation, or product performance, please refer to the manufacturer's website or contact their customer support team directly.

Conclusion

By following these safety instructions, you can ensure the safe and effective use of your EXOS515 Pistol Compensator. Always prioritize safety and be aware of your surroundings while handling firearms. Thank you for choosing Faxon Firearms.
