

# EXOS-543 PISTOL COMPENSATOR FOR GLOCK® GEN-4 17/19/34 - FAXON FIREARMS EXOS-513 PISTOL COMPENSATOR FOR GEN-4 GLOCK 17/19/34

[Handgun Parts](#) > [Barrel Parts](#) > [Muzzle Devices](#) > [Compensators](#)

Faxon Firearms compensators are designed for Glock® Gen 4 9mm pistols. Fitment with other pistols or generations cannot be guaranteed. Testing for fit and function was performed on these models specifically: Glock 19 Gen 4 Glock 17 Gen 4 Glock 34 Gen 4 Constructed of 6061 Aluminum with a black anodized finish, Faxon Pistol Compensators feature a uniquely angled front port single chamber design, enabling the compensator to improve consistency while reducing muzzle climb and recoil. The angled ports allow gas to deflect upwards as opposed to only deflecting sideways, reducing up and down muzzle movement and improving reliability. Barrel protrusion is designed to fit flush with the slide and has been optimized for Faxon branded barrels. For all other barrels, the barrel should protrude .600" or less for a flush fit. Each compensator comes complete with thread locker, two 6-32 set screws, and a 1/16 Allen wrench. SPECS Length: 1.1in Width: 1in Height: 1.27in Weight: .06lbs Thread: 1/2x28 Caliber: 9mm \*Compensators can affect the timing of your pistol and may require adjustments in lubrication, ammunition, and other areas. "

# EXOS543 PISTOL COMPENSATOR FOR GLOCK® GEN4 17/19/34

## Introduction

Thank you for choosing the EXOS543 Pistol Compensator for your Glock® Gen 4 9mm pistol. This guide provides essential safety instructions and usage information to ensure optimal performance and safety during use. Please read this manual carefully before installation and use.

## General Safety Guidelines

- Ensure safe handling of the compensator and your firearm at all times.
- Always treat firearms as if they are loaded.
- Keep the compensator and firearm out of reach of children and unauthorized users.
- Confirm that the compensator is compatible with your specific Glock® model before installation.
- Regularly inspect the compensator for wear or damage before use.
- Follow all local laws and regulations regarding firearm modifications and accessories.

## Specific Safety Precautions for Use

- The EXOS543 compensator is designed specifically for Glock® Gen 4 models (17, 19, and 34). Use with other models may pose safety risks.
- Compensators can affect the timing of your pistol. Adjustments in lubrication, ammunition, and other areas may be necessary for optimal performance.
- Avoid using the compensator if it appears damaged or improperly installed.
- Always wear appropriate eye and ear protection when using firearms equipped with a compensator.
- Be aware that the compensator may increase the noise level of your firearm.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure your firearm is unloaded and safe.
- Remove the existing barrel from the slide of your Glock®.
- Check the barrel protrusion; it should be .600" or less for a flush fit with the slide.
- Align the compensator with the barrel threads and screw it on securely.
- Use the provided thread locker on the threads to ensure a secure fit.
- Tighten the compensator using the two 632 set screws provided.
- Use the included 1/16 Allen wrench to tighten the set screws securely.
- Reassemble your firearm and ensure everything is functioning properly.

### 2. Usage:

- Always ensure the compensator is properly installed before using your firearm.
- Test the firearm in a safe and controlled environment to ensure the compensator functions as intended.
- Monitor the performance of the compensator during use. If you notice any irregularities, cease use and inspect the device.

## Disposal Instructions

- Dispose of the compensator in accordance with local regulations.
- Do not dispose of the compensator in regular household waste.

- Check with local authorities for proper disposal methods for metal components.

## **Contact Information for Further Support**

For safety inquiries or additional support, please refer to your local regulations or contact the manufacturer directly. Ensure you have your product details on hand for efficient assistance.

By following these guidelines, you can ensure the safe and effective use of the EXOS543 Pistol Compensator. Thank you for your attention to safety and responsible firearm handling.
