

MOUNTS FOR BROWNELLS VISE - BROWNELLS GUNSMITH BENCH VISE, DIRECT MOUNT ROTARY BASE, GREEN

[Gunsmith Tools](#) > [General Gunsmith Tools](#) > [Vises & Accessories](#) > [Bench Vises](#)

A Rock-Solid Base for Your Brownells Vise You Can Easily Install & Remove at Will You want a high-quality bench vise for your gunsmithing setup, but you don't have the workbench real estate to commit to a permanent installation. This Clamping Rotary Base lets you quickly and easily set up the Brownells Gunsmith's Bench Vise on your workbench when you need it, and then just as quickly take it down and stow it when you don't. The heavy, ultra-stable base rests on the top of the bench, while the robust, over-engineered C-clamp reaches the underside of the bench to lock down the vise tight and secure. This base has a built-in 360-degree rotating mechanism, so you can angle it in the best-possible position for access to the workpiece clamped in it. Like our Gunsmith's Bench Vise itself, the Clamping Rotary Base is made of forged (not cast) steel for extra strength, with a smooth swiveling mechanism and a secure locking mechanism that ensures once you've positioned the vise where you want it, it won't budge while you're working. The green anti-corrosion finish matches the color of the vise itself.

Safety Instruction Guide for Brownells Gunsmith Bench Vise with Clamping Rotary Base

Introduction

Thank you for choosing the Brownells Gunsmith Bench Vise with Clamping Rotary Base. This guide provides essential safety instructions and installation guidelines to ensure safe and effective use of your product. Please read this document carefully before using the vise.

General Safety Guidelines

- Always read and understand the product manual before use.
- Ensure that the work area is clean and welllit.
- Keep children and pets away from the work area during use.
- Wear appropriate personal protective equipment (PPE), including safety goggles and gloves, when using the vise.
- Inspect the vise and base for any damage or wear before each use. Do not use if any parts are damaged.
- Ensure that the vise is securely mounted before starting work.
- Do not exceed the maximum clamping capacity of the vise.
- Use the vise only for its intended purpose; do not modify or misuse the product.
- Be aware of your surroundings and avoid distractions while working.
- Report any unsafe conditions or product defects to the manufacturer.

Specific Safety Precautions for Use

- Ensure that the workpiece is stable and properly secured in the vise before beginning work.
- Avoid placing your hands or fingers near the clamping area when tightening or loosening the vise.
- Do not attempt to clamp excessively large or heavy items that exceed the vise's capacity.
- Always use the vise on a stable, flat surface to prevent tipping or sliding.
- Do not leave the vise unattended while in use.
- If working with power tools, ensure that they are compatible and safe to use with the vise.
- Follow all manufacturer instructions for any tools or accessories used in conjunction with the vise.

Instructions for Installation and Usage

Installation

1. Select a Suitable Workbench:

- Ensure that the workbench is stable and capable of supporting the weight of the vise and workpieces.

2. Position the Clamping Rotary Base:

- Place the base on the top of the workbench where you intend to use the vise.

3. Secure the Base:

- Use the robust Cclamp to secure the base to the underside of the workbench. Ensure that it is tightened securely.

4. Attach the Vise:

- Position the Brownells Gunsmith Bench Vise onto the Clamping Rotary Base.

- Make sure the vise is aligned properly and securely attached.

5. Check Stability:

- Ensure that the entire assembly is stable and secure before proceeding to use the vise.

Usage

1. Adjust the Vise:

- Use the 360degree rotating mechanism to position the vise for optimal access to the workpiece.

2. Clamp the Workpiece:

- Place the workpiece in the jaws of the vise.
- Tighten the vise slowly and steadily until the workpiece is secure.

3. Work Safely:

- Perform your tasks while ensuring that your hands and tools are clear of the clamping area.

4. Disengage the Vise:

- Once the work is complete, loosen the vise to release the workpiece.

5. Remove the Vise:

- If you need to remove the vise, loosen the Cclamp and carefully detach the base from the workbench.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in household waste. Contact local waste management authorities for proper disposal methods.
- If applicable, recycle any metal components according to local recycling guidelines.

Contact Information for Further Support

For safety inquiries or assistance, please contact the manufacturer directly. Ensure you have your product details and any relevant information available when seeking support.

Thank you for your attention to these safety instructions. We hope you enjoy using your Brownells Gunsmith Bench Vise with Clamping Rotary Base safely and effectively.
