

# MOUNTS FOR BROWNELLS VISE - BROWNELLS GUNSMITH BENCH VISE, CLAMPING ROTARY BASE, GREEN

[Gunsmith Tools](#) > [General Gunsmith Tools](#) > [Vises & Accessories](#) > [Bench Vises](#)

A Rock-Solid Base for Your Brownells Vise You Can Easily Install & Remove at Will You want a high-quality bench vise for your gunsmithing setup, but you don't have the workbench real estate to commit to a permanent installation. This Clamping Rotary Base lets you quickly and easily set up the Brownells Gunsmith's Bench Vise on your workbench when you need it, and then just as quickly take it down and stow it when you don't. The heavy, ultra-stable base rests on the top of the bench, while the robust, over-engineered C-clamp reaches the underside of the bench to lock down the vise tight and secure. This base has a built-in 360-degree rotating mechanism, so you can angle it in the best-possible position for access to the workpiece clamped in it. Like our Gunsmith's Bench Vise itself, the Clamping Rotary Base is made of forged (not cast) steel for extra strength, with a smooth swiveling mechanism and a secure locking mechanism that ensures once you've positioned the vise where you want it, it won't budge while you're working. The green anti-corrosion finish matches the color of the vise itself.

## Attributes

- Name: [BROWNELLS GUNSMITH BENCH VISE, CLAMPING ROTARY BASE, GREEN](#)
- Manufacturer: [BROWNELLS](#)
- Product no.: 430108306

# Safety Instruction Guide for Brownells Gunsmith's Bench Vise with Clamping Rotary Base

## Introduction

Thank you for choosing the Brownells Gunsmith's Bench Vise with Clamping Rotary Base. This guide provides essential safety instructions and usage tips to ensure your safety and the optimal performance of your product. Please read this document thoroughly before using the vise.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose as a bench vise for gunsmithing tasks.
- Always inspect the vise and clamping rotary base for any signs of damage or wear before each use.
- Keep the workspace clean and organized to prevent accidents.
- Wear appropriate personal protective equipment (PPE), such as safety goggles and gloves, while using the vise.
- Do not exceed the maximum clamping capacity of the vise.
- Ensure that all tools and materials are securely positioned before starting work.
- Keep children and pets away from the work area during use.
- Report any unsafe conditions or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Always secure the vise to a stable and sturdy workbench before use.
- Do not use the vise for any purpose other than clamping and holding workpieces.
- Avoid placing hands or fingers near the clamping mechanism when tightening or loosening the vise.
- Do not attempt to modify or disassemble the vise or clamping rotary base.
- If the vise becomes damaged or malfunctions, discontinue use immediately and seek professional assistance.
- Be cautious of sharp edges and metal shavings during use, as they can cause injury.

## Instructions for Installation and Usage

### Installation

1. **Choose a Suitable Workbench:** Ensure the workbench is stable and can support the weight of the vise and the workpiece.
2. **Position the Clamping Rotary Base:** Place the clamping rotary base on the top of the workbench.
3. **Secure the Vise:**
  - Open the Cclamp by turning the handle counterclockwise.
  - Position the Cclamp underneath the workbench to reach the underside.
  - Tighten the Cclamp by turning the handle clockwise until the base is secure.
4. **Check Stability:** Ensure the vise is stable and does not wobble before proceeding.

### Usage

1. **Adjust the Vise:** Use the rotating mechanism to position the vise for optimal access to the workpiece.
2. **Clamp the Workpiece:**
  - Place the workpiece in the jaws of the vise.
  - Turn the handle to tighten the jaws around the workpiece securely.
3. **Perform Your Work:** Carry out your gunsmithing tasks while ensuring your hands and tools are clear of the clamping mechanism.
4. **Release the Workpiece:** Once finished, turn the handle counterclockwise to loosen the jaws and remove the workpiece.

## **Disposal Instructions**

- Dispose of the vise and clamping rotary base in accordance with local regulations regarding metal products.
- Do not dispose of the product in household waste.
- Consider recycling the materials if possible.

## **Contact Information for Further Support**

For any inquiries or concerns regarding the safety and use of the Brownells Gunsmith's Bench Vise with Clamping Rotary Base, please contact your local distributor or visit the manufacturer's website for additional resources.

By following these guidelines, you can ensure a safe and effective experience with your Brownells Gunsmith's Bench Vise. Thank you for prioritizing safety and compliance with the EU General Product Safety Regulation.
