Safety Instruction Guide for BLACK POWDER DOUBLE CAVITY MOLDS LEE PRECISION 45 CAL. (0.440") 200GR REAL BLACK POWDER DOUBLE CAVITY MOLD

Introduction

Thank you for choosing the BLACK POWDER DOUBLE CAVITY MOLDS from LEE PRECISION. This guide provides essential safety instructions to ensure the safe use of this product. Please read this guide carefully before using the molds.

General Safety Guidelines

- Always follow the manufacturer's instructions for safe handling and usage.
- Ensure that the molds are used in a wellventilated area to avoid inhalation of fumes.
- Keep the molds out of reach of children and unauthorized users.
- Use personal protective equipment (PPE) such as gloves and safety goggles when handling materials.
- Regularly inspect the molds for any signs of wear or damage before each use.
- Report any unsafe conditions or accidents to local authorities.

Specific Safety Precautions for Use

- Ensure that the mold is clean and free from any debris before use.
- Do not exceed the recommended temperatures when melting materials.
- Avoid direct skin contact with molten materials to prevent burns.
- Use caution when pouring materials into the molds to avoid spills.
- Ensure that the work area is free from flammable materials when using the molds.
- Be aware of the risks associated with using black powder and follow all safety regulations related to its use.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary materials and equipment before starting.
- Ensure that your workspace is organized and free from distractions.

2. Setting Up the Mold

- Place the mold on a stable, heatresistant surface.
- Ensure that the mold is securely positioned to prevent movement during use.

3. Melting Materials

- Use a suitable melting pot to heat the black powder or other materials.
- Monitor the temperature closely and do not exceed the manufacturer's recommendations.

4. Pouring into the Mold

- Carefully pour the melted material into the mold cavities.
- Avoid overfilling to prevent spills and ensure proper casting.

5. Cooling and Removal

- Allow the material to cool completely before attempting to remove it from the mold.
- Use appropriate tools to gently release the cast items without damaging the mold.

6. Cleaning the Mold

- After use, clean the mold thoroughly to remove any residue.
- Store the mold in a dry place to prevent rust or damage.

Disposal Instructions

- Dispose of any unused materials and waste according to local regulations.
- Do not dispose of materials in regular household waste unless specified by local guidelines.
- Ensure that all materials are completely cooled and safe to handle before disposal.

Contact Information for Further Support

For any inquiries or concerns regarding the BLACK POWDER DOUBLE CAVITY MOLDS, please refer to the manufacturer's contact information provided with the product packaging.

Thank you for your attention to these safety instructions. Your safety is our priority, and we hope you enjoy using your BLACK POWDER DOUBLE CAVITY MOLDS safely and effectively.
