Safety Instruction Guide for MUZZLELOADER ROUND BALL 6 CAVITY MOLD LEE PRECISION

Introduction

Thank you for purchasing the MUZZLELOADER ROUND BALL 6 CAVITY MOLD from LEE PRECISION. This product is designed for the creation of .490 diameter, 176.61 grain round balls suitable for 50 caliber firearms. To ensure your safety and the safety of others, please read and adhere to the following safety guidelines and instructions.

General Safety Guidelines

- Always ensure that you are using the product in a safe and controlled environment.
- Keep the mold out of reach of children and unauthorized users.
- Use the mold only for its intended purpose as specified in this guide.
- Regularly inspect the mold for any signs of wear or damage before use.
- Report any unsafe products or incidents to the appropriate authorities.
- Stay informed about product recalls through the EU Safety Gate platform.

Specific Safety Precautions for Use

- Wear appropriate personal protective equipment (PPE), including safety goggles and heatresistant gloves when using the mold.
- Ensure that the mold is clean and free from any debris before use.
- Do not exceed the recommended temperature limits for melting lead or other materials.
- Always work in a wellventilated area to avoid inhaling fumes.
- Avoid using the mold near flammable materials or in an area where sparks may occur.
- Never leave the mold unattended while in use.
- Allow the mold to cool completely before handling it after use.

Instructions for Installation and Usage

1. Preparation:

- Clean the mold thoroughly with a suitable cleaning agent to remove any residues from manufacturing.
- Ensure that the mold is dry before using it.

2. Melting the Material:

- Use a lead melting pot or furnace to melt the lead or material you will be using.
- Follow the manufacturer's instructions for your melting equipment.

3. Filling the Mold:

- Carefully pour the melted material into the mold cavities, ensuring not to overfill.
- Use a ladle or pouring spout to minimize spills and splashes.

4. Cooling:

- Allow the mold to cool for the recommended time as per the material specifications.
- Do not attempt to remove the round balls while the mold is still hot.

5. Removing the Round Balls:

- Once the mold has cooled, carefully open it and remove the round balls.
- Inspect the round balls for any defects or irregularities.

6. Cleaning After Use:

- Clean the mold with a soft brush or cloth to remove any leftover material.
- Store the mold in a dry, safe place away from moisture and extreme temperatures.

Disposal Instructions

- Dispose of any leftover or unused materials in accordance with local regulations.
- Do not dispose of lead or other hazardous materials in regular waste. Follow local guidelines for hazardous waste disposal.

Contact Information for Further Support

For any safety inquiries or further support regarding the MUZZLELOADER ROUND BALL 6 CAVITY MOLD, please refer to the manufacturer's contact information provided with the product packaging.

By following these guidelines, you can ensure the safe and effective use of your MUZZLELOADER ROUND BALL 6 CAVITY MOLD. Thank you for prioritizing safety!
