# CORE CHOKE TUBES FOR REMINGTON CARLSONS CORE 12 GA FOR REMINGTON CHOKE TUBE CLOSE RANGE

## Introduction

Thank you for choosing the CORE Choke Tubes for your Remington shotgun. This guide provides important safety information, usage instructions, and disposal guidelines to ensure the safe use of the product in compliance with the EU General Product Safety Regulation (GPSR). Please read this guide carefully before using the choke tubes.

## General Safety Guidelines

- **Product Safety:** Ensure safe use of the choke tubes by following all instructions. The product is designed for compatibility with various shot types and sizes.
- **Hazard Identification:** Be aware of the potential hazards associated with improper use of choke tubes, including misfires or damage to the firearm.
- **Enhanced Recalls:** Stay informed about any recalls or safety notices regarding this product. Check the EU's Safety Gate platform for updates.
- **Online Shopping Safety:** If purchased online, ensure that the retailer complies with EU safety requirements.
- **Special Consumer Focus:** This product is not intended for use by children. Ensure that it is stored safely away from their access.
- **EU Contact Point:** For safety inquiries, refer to the contact information provided by the retailer or manufacturer.
- **Rapid Alerts:** Monitor the Safety Gate system for faster updates on unsafe products.

## Specific Safety Precautions for Use

- **Compatibility:** Ensure that the choke tubes are compatible with your specific Remington shotgun model.
- **Installation:** Follow the installation instructions carefully to avoid any potential hazards.
- **Use of Ammunition:** Only use ammunition that is compatible with the choke tubes. Refer to the specifications for acceptable shot sizes (BB10).
- **Shooting Environment:** Always use the choke tubes in a safe and controlled environment. Be aware of your surroundings.
- **Inspection:** Regularly inspect the choke tubes for any signs of wear or damage before use.
- **Handling:** Always handle the firearm safely and responsibly. Keep the muzzle pointed in a safe direction at all times.

## Instructions for Installation and Usage

### Installation Instructions

1. **Ensure Safety:** Make sure the shotgun is unloaded before installing the choke tube.
2. **Remove Existing Choke:** Use a choke wrench to remove the existing choke tube from the shotgun.
3. **Insert New Choke:** Align the CORE choke tube with the threads in the barrel and handtighten it.
4. **Secure the Choke:** Use the choke wrench to securely tighten the choke tube, but do not overtighten.
5. **Check Installation:** Ensure the choke tube is properly installed and secure before use.

### Usage Instructions

- **Shot Size Compatibility:** Use only the recommended shot sizes (BB10) for the choke tubes.
- **Choke Constrictions:**

- Close Range: Improved Cylinder (CR/IC)
- MidRange: Modified (MR/MOD)
- Long Range: Full (LR/FULL)
- **Yardage Guidelines:** Refer to the following yardage chart for guidance on effective shooting ranges:
  - CR/IC: Lead 520 yards / Steel 1530 yards / Any shot size
  - MR/MOD: Lead 2035 yards / Steel 2545 yards / BB10
  - LR/FULL: Lead 3045 yards / Steel 40+ yards / BB10
- **Use of Slugs:** Slugs may only be used through the Close Range (CR/IC) choke.

## Disposal Instructions

- **Environmental Considerations:** Dispose of the choke tubes in accordance with local regulations regarding metal and firearm accessories.
- **Safety Precautions:** Ensure that the choke tubes are rendered unusable before disposal to prevent any potential misuse.

## Contact Information for Further Support

For any inquiries or further assistance, please refer to the contact information provided by the retailer or manufacturer where you purchased the product.

By following these guidelines, you can ensure the safe and effective use of your CORE Choke Tubes for Remington shotguns. Always prioritize safety and responsible handling of firearms.
