# CORE CHOKE TUBES FOR BENELLI Crio/CRIO PLUS

## Safety Instruction Guide

### Introduction

Thank you for choosing the CORE Choke Tubes for Benelli Crio/CRIO PLUS. This product is designed to enhance your shooting experience while ensuring safety and compliance with EU regulations. Please read this safety instruction guide carefully to ensure proper use and maintenance of the choke tubes.

### General Safety Guidelines

- Ensure that all users are familiar with the safe handling and operation of firearms.
- Always treat every firearm as if it is loaded.
- Keep firearms pointed in a safe direction at all times.
- Store choke tubes and firearms securely, out of reach of children and unauthorized users.
- Inspect choke tubes regularly for signs of damage or wear before each use.
- Follow all local laws and regulations regarding the use and ownership of firearms and accessories.

### Specific Safety Precautions for Use

- Only use the CORE Choke Tubes with compatible firearms as specified in the product description.
- Ensure that you are using the correct choke for the intended shooting activity (Close Range, MidRange, Long Range).
- Be aware of the shot sizes rated for use with the choke tubes (BB10 in lead, steel, bismuth, Tungsten/TSS, Matrix Loads, Duplex Loads, blends, and HeviShot).
- Do not exceed the recommended yardage for each choke type:
  - Close Range (CR/IC): 520 yards for lead, 1530 yards for steel, ANY shot size.
  - MidRange (MR/MOD): 2035 yards for lead, 2545 yards for steel, BB10 shot size.
  - Long Range (LR/FULL): 3045 yards for lead, 40+ yards for steel, BB10 shot size.
- Slugs may only be used through the Close Range Improved Cylinder (CR/IC) choke.
- Always wear appropriate eye and ear protection when shooting.

### Instructions for Installation and Usage

#### 1. Installation of Choke Tubes:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Use the choke wrench provided to remove the existing choke tube from the firearm.
- Carefully screw the CORE Choke Tube into the barrel until it is snug. Do not overtighten.
- Check that the choke is properly secured before use.

#### 2. Usage:

- Load the firearm with appropriate ammunition for the selected choke.
- Follow all safety protocols while shooting, ensuring you are aware of your surroundings and target.
- After use, unload the firearm and clean the choke tubes as necessary to maintain performance.

### Disposal Instructions

- Dispose of any damaged or wornout choke tubes in accordance with local regulations.
- Do not throw choke tubes in regular household waste. Contact your local waste management facility for proper disposal methods.

## Contact Information for Further Support

For any safety inquiries or further assistance regarding the CORE Choke Tubes, please refer to the relevant EU contact point or your local distributor.

## Conclusion

By following these safety instructions, you can ensure a safe and enjoyable experience using the CORE Choke Tubes for Benelli Crio/Crio Plus. Always prioritize safety and compliance with local laws when handling firearms and accessories. Thank you for your attention to these important guidelines.
