## APOLLO ELECTRONIC SOUND SUPPRESSOR TAN

[Shooting Accessories](#) > [Ear & Eye Protection](#) > [Ear Muffs](#)

Meet the Apollo Electronic Sound Suppressors from Savior Equipment! This ear protection features a 24dB noise reduction rating! With a twist of the power knob, environmental sounds and voices are amplified while loud, harmful noises are instantly compressed. The Apollo Electronic Sound Suppressors operate with 2 AAA Batteries. The Apollo Ear Muffs have cool gel ear pads and a padded mesh headband for all day comfort. These Ear Muffs are compact and collapsible, making them hassle-free to carry on any outing. You can flip the ear cups out when needed, and simply fold them in when you are done. Not only do the Apollo Ear Muffs come in several colors, they also feature a fan favorite writeable ID patch for instant identification.

# Apollo Electronic Sound Suppressors Safety Instructions

## Introduction

Thank you for choosing the Apollo Electronic Sound Suppressors from Savior Equipment. These ear protection devices are designed to provide comfort and safety while enhancing your auditory experience. This guide outlines essential safety instructions to ensure the proper use and maintenance of your product in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose as ear protection.
- Always read and follow the instructions provided in this manual.
- Keep the product away from children and vulnerable individuals unless supervised.
- Regularly check the product for any signs of damage or wear.
- Dispose of the product responsibly, following local regulations.

## Specific Safety Precautions for Use

- **Noise Reduction:** The Apollo Electronic Sound Suppressors have a noise reduction rating (NRR) of 24 dB. They are effective in reducing harmful noise levels, but may not eliminate all sounds.
- **Battery Use:** Operate the device with two AAA batteries only. Do not use any other type of battery.
- **Environmental Awareness:** While the device amplifies environmental sounds, be cautious of your surroundings to avoid potential hazards.
- **Comfort and Fit:** Ensure that the ear cups fit snugly against your ears to maximize noise reduction. Adjust the padded mesh headband for a secure and comfortable fit.
- **Collapsible Design:** When not in use, fold the ear cups inward to protect them from damage during transport.

## Instructions for Installation and Usage

### 1. Installing Batteries:

- Open the battery compartment located on the earmuffs.
- Insert two AAA batteries, ensuring correct polarity as indicated inside the compartment.
- Close the battery compartment securely.

### 2. Adjusting for Fit:

- Place the ear muffs over your ears, ensuring a snug fit.
- Adjust the padded mesh headband until you achieve a comfortable fit.

### 3. Powering On/Off:

- Turn the power knob to the "ON" position to activate the device.
- To power off, turn the knob to the "OFF" position.

### 4. Using the Amplification Feature:

- The device will amplify environmental sounds and voices when powered on.
- Be aware that loud noises will be compressed to protect your hearing.

### 5. Folding for Storage:

- To store the ear muffs, gently flip the ear cups inward until they are compact.
- Place in a carrying case or bag to prevent damage.

## **Disposal Instructions**

- Dispose of the Apollo Electronic Sound Suppressors in accordance with local waste management regulations.
- Remove batteries before disposal. Batteries should be recycled or disposed of according to local guidelines.
- Do not dispose of the product in regular household waste.

## **Contact Information for Further Support**

For safety inquiries or assistance, please refer to the contact information provided by your retailer or the manufacturer. Always keep your purchase receipt for warranty and support purposes.

By following these guidelines, you can ensure safe and effective use of your Apollo Electronic Sound Suppressors. Enjoy your enhanced auditory experience while protecting your hearing!
