

# DELUXE AUTO-DRUM POWDER MEASURE - LEE PRECISION DELUXE AUTO-DRUM POWDER MEASURE

[Reloading](#) > [Powder Handling](#) > [Powder Measures & Dispensers](#)

Automatic case actuated drum powder measure. Accurately and automatically dispense powder in your favorite cartridge. Two infinitely adjustable drums included. These Quick-Change drums will accurately and reliably drop charges from 1 to 80 grains of powder. FEATURES: Case actuated; never spill a charge. Exclusive elastomer wiper prevents powder shearing, works great with difficult metering extruded powders. Machined body with labyrinth groove mates to the precision molded nylon drums providing a leak free fit with the finest powders. Drum is actuated by a steel sector and pinion gear train. Quick-change hopper has on/off valve to quickly change powders. Sleek modern design, all gears springs and levers inside the die cast housing. Features red anodized swivel adapter, makes adjusting and moving measure fast and convenient. Also provides clearance for the longest reloading dies.

# Safety Instruction Guide for DELUXE AUTODRUM POWDER MEASURE

## Introduction

Thank you for choosing the DELUXE AUTODRUM POWDER MEASURE by LEE PRECISION. This product is designed to provide accurate and automatic dispensing of powder for your favorite cartridges. To ensure your safety and the proper use of this product, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- **Product Safety:** This product is designed to be safe for use. Ensure that you follow all instructions to minimize risks.
- **Enhanced Recalls:** Stay informed about any recalls related to this product. If a recall occurs, you will be notified, and remedies will be provided at no cost.
- **Online Shopping:** If purchased online, the same safety standards apply as if you bought it in a physical store.
- **Special Consumer Focus:** This product is not intended for use by children. Ensure that it is stored out of reach of children.
- **EU Contact Point:** For safety inquiries, refer to the manufacturer's contact information provided with the product.
- **Rapid Alerts:** Be aware of updates regarding product safety through the EU's Safety Gate system.

## Specific Safety Precautions for Use

- **Read the Manual:** Always read the instruction manual before using the product.
- **Use Appropriate Powders:** Only use powders that are compatible with the DELUXE AUTODRUM POWDER MEASURE.
- **Avoid Overloading:** Do not exceed the maximum charge capacity of 80 grains to prevent malfunctions.
- **Check for Damage:** Inspect the product for any damage before use. Do not use if any parts are damaged.
- **Keep Workspace Clean:** Maintain a clean and organized workspace to prevent accidents.
- **Wear Protective Gear:** Use safety glasses and gloves when handling powders to protect against dust and accidental spills.
- **Supervise Use:** Always supervise the use of this product, especially if others are present.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the workspace is clean and free of obstructions.
- Attach the quickchange hopper securely to the measure.
- Make sure the on/off valve is in the off position before adding powder.

### 2. Usage:

- Adjust the drums to the desired charge weight using the infinitely adjustable settings.
- Actuate the drum by pulling the case against the elastomer wiper to dispense powder.
- Monitor the dispensing process to ensure accuracy.
- After use, switch the on/off valve to the off position and clean any residual powder.

## **Disposal Instructions**

- Dispose of any unused powder according to local regulations.
- Recycle packaging materials where possible.
- Do not dispose of the product in regular household waste. Check for local disposal guidelines for electronic or mechanical devices.

## **Contact Information for Further Support**

For any questions or concerns regarding the DELUXE AUTODRUM POWDER MEASURE, please refer to the manufacturer's contact information included with your product.
