# Safety Instructions for the Lee Precision Automatic Processing Press Roller Handle Upgrade Kit

## Introduction

Thank you for choosing the Lee Precision Automatic Processing Press Roller Handle Upgrade Kit. This guide provides essential safety instructions and guidelines to ensure the safe installation and use of your new roller handle. Please read this document carefully before use.

## General Safety Guidelines

- Ensure that the product is used according to the instructions provided in this guide.
- Keep the upgrade kit out of reach of children and vulnerable individuals.
- Regularly inspect the roller handle and levers for any signs of wear or damage before use.
- Do not attempt to modify or alter the product in any way.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling tools and equipment.
- If you experience any issues or concerns regarding the product, discontinue use immediately and seek assistance.

## Specific Safety Precautions for Use

- Ensure that the press is turned off and unplugged before beginning the installation process.
- Use caution when handling sharp tools or components during installation.
- Do not exceed the recommended load limits of the roller handle during use to avoid potential injury.
- Be aware of your surroundings and ensure that the work area is free from hazards.
- If using the roller handle in a workshop or production environment, ensure that all safety protocols are followed.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary tools and components included in the upgrade kit.
- Ensure that your workspace is clean and welllit.

### 2. Removing the Existing Handle

- Turn off and unplug the press.
- Locate the screws securing the existing red grip handle.
- Use an appropriate screwdriver to carefully remove the screws.
- Gently detach the existing handle from the press.

### 3. Installing the New Roller Handle

- Take the new ergonomic hardwood roller handle from the kit.
- Align the handle with the mounting points on the press.
- Using the existing hardware, secure the new roller handle in place.
- Ensure that the handle is firmly attached and does not wobble.

### 4. Installing the Steel Levers

- Locate the replacement steel levers included in the kit.
- Align each lever with its designated mounting point on the press.
- Secure the levers using the provided screws, ensuring they are tightened properly.

## 5. Final Checks

- Inspect the installation to ensure all components are securely fastened.
- Plug in the press and perform a test operation to ensure functionality.

## Disposal Instructions

- Dispose of any packaging materials in accordance with local recycling regulations.
- If the product becomes damaged beyond repair, contact local waste management services for proper disposal methods.
- Do not dispose of the product in regular household waste.

## Contact Information for Further Support

For further assistance or inquiries regarding safety and product use, please refer to the contact information provided on the product packaging or the manufacturer's website.

By following these safety instructions, you can ensure a safe and effective experience with your Lee Precision Automatic Processing Press Roller Handle Upgrade Kit. Thank you for your attention to these important guidelines.
