

# COLLET NECK SIZER DIES - LEE PRECISION 7X57MM MAUSER COLLET NECK SIZING DIE ONLY

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

There is no loading system that will load more accurate ammunition than Lee Collet Dies. A collet squeezes the case neck against a precision mandrel for a perfect fit with minimum run-out. No lube case is needed. Cases last ten times longer, so the savings on only 35 cases will pay for the dies.

## Attributes

# Safety Instruction Guide for Lee Precision Collet Neck Sizer Die

## Introduction

Thank you for choosing the Lee Precision Collet Neck Sizer Die for your reloading needs. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this manual carefully before using the die to ensure a safe reloading experience.

## General Safety Guidelines

- Always follow the manufacturer's instructions and guidelines for use.
- Ensure that your workspace is clean, organized, and free from distractions.
- Use personal protective equipment (PPE) such as safety glasses to protect your eyes from debris.
- Keep all reloading components, including powders and primers, out of reach of children and pets.
- Store the die in a safe place when not in use to prevent unauthorized access.
- Regularly inspect the die and your reloading equipment for wear and damage.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Do not exceed the recommended load data for your specific cartridge to avoid dangerous situations.
- Ensure that the die is properly secured in the reloading press before use.
- Always use the die in a wellventilated area to avoid inhalation of any dust or particles.
- Avoid wearing loose clothing or jewelry that could get caught in the reloading equipment.
- Do not attempt to modify the die or use it for any purpose other than its intended use.
- Keep your hands and face away from the die while it is in use to prevent injury.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that your reloading press is clean and free from debris.
- Securely attach the Lee Precision Collet Neck Sizer Die into the reloading press according to the manufacturer's instructions.
- Adjust the die to the desired height for the specific cartridge you are reloading.

### 2. Usage:

- Prepare your brass cases by cleaning and inspecting them for damage.
- Insert the case into the die, ensuring it is seated correctly.
- Pull the handle of the reloading press smoothly to size the neck of the case.
- Remove the sized case and inspect it for any irregularities.
- Repeat the process for all cases you wish to size.
- After use, clean the die to remove any residue or debris.

## Disposal Instructions

- Dispose of any damaged or wornout components in accordance with local regulations.
- Recycle brass cases when possible. Check local recycling guidelines for specifics.
- Ensure that any hazardous materials, such as spent primers or powders, are disposed of properly and safely.

## **Contact Information for Further Support**

For any questions or concerns regarding the Lee Precision Collet Neck Sizer Die, please refer to the official Lee Precision website or contact your local retailer. Ensure you have the product details available when seeking assistance.

By following these safety guidelines and instructions, you can ensure a safe and efficient reloading experience with your Lee Precision Collet Neck Sizer Die. Thank you for your commitment to safety.
