Safety Instruction Guide for BREECH LOCK PISTOL CARBIDE 3DIE SETS

Introduction

Thank you for choosing the BREECH LOCK PISTOL CARBIDE 3DIE SETS from Lee Precision. This guide provides essential safety instructions and usage information to ensure that you can use this product safely and effectively. Please read this guide carefully before using the product.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as specified by the manufacturer.
- Keep all components out of reach of children and pets to prevent accidental injury.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when using this product.
- Be aware of your surroundings and ensure that you are in a safe and controlled environment while using the die set.
- Regularly inspect the die set for any signs of wear or damage before each use.
- If you notice any defects or abnormalities, discontinue use immediately and consult a qualified professional.

Specific Safety Precautions for Use

- **Carbide Dies:** Handle with care. Carbide is a hard material, but it can chip or break if dropped or mishandled.
- **Bullet Seating:** Ensure that the bullet seating die is properly adjusted to avoid overseating or underseating bullets.
- **Powder Handling:** Use caution when handling powders. Follow all safety guidelines provided by the powder manufacturer.
- **Ventilation:** Ensure that your workspace is wellventilated while reloading to avoid inhalation of any dust or fumes.
- **Storage:** Store the dies in a cool, dry place and ensure that they are secured to prevent accidental damage or injury.

Instructions for Installation and Usage

1. **Unboxing:** Carefully unpack the die set and check for all included components: Carbide Full Length Sizing Die, Bullet Seating Die, Powder Thru Expanding Die, Universal Shell Holder, Powder Dipper, and instructions.
2. **Installation:**
 - Attach the Carbide Full Length Sizing Die to your reloading press according to the manufacturer's instructions.
 - Install the Bullet Seating Die and the Powder Thru Expanding Die in the same manner.
 - Ensure that each die is securely fastened and properly aligned.
3. **Usage:**
 - Follow the load data provided in the instructions for safe reloading practices.
 - Use the Universal Shell Holder to securely hold the cartridge case while resizing or seating bullets.
 - Adjust the dies as necessary for your specific cartridge specifications.
 - Always doublecheck measurements and settings before commencing the reloading process.

4. PostUse Care:

- Clean the dies after use to remove any residue or debris.
- Store the dies in their designated case or box to prevent damage.

Disposal Instructions

- Dispose of any unused or expired powders and components in accordance with local regulations.
- Do not throw away the product in regular household waste. Instead, consult your local waste management authority for safe disposal methods.
- Ensure that all components are disposed of in a way that prevents harm to the environment or public safety.

Contact Information for Further Support

For any inquiries or concerns regarding the BREECH LOCK PISTOL CARBIDE 3DIE SETS, please refer to the manufacturer's contact information provided in the product packaging or visit the official website of Lee Precision for additional resources and support.

By following these safety instructions, you can ensure a safe and effective reloading experience with your BREECH LOCK PISTOL CARBIDE 3DIE SETS. Always prioritize safety and do not hesitate to seek assistance if you have any questions or concerns.
