# Safety Instruction Guide for BREECH LOCK PISTOL CARBIDE 3DIE SETS LEE PRECISION .45 COLT

## Introduction

Thank you for choosing the Lee Handgun Breech Lock Carbide 3Die Set. This product is designed for reloading .45 Colt cartridges and is equipped with essential components to ensure safe and effective use. Please read this safety instruction guide carefully to understand how to use the product safely and responsibly.

## General Safety Guidelines

- Always handle reloading equipment with care and follow all safety protocols.
- Ensure that the workspace is clean and free of distractions while reloading.
- Store all components, including dies and tools, in a secure place away from children and unauthorized users.
- Be aware of the potential hazards associated with reloading, including the handling of powders and primers.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when reloading.
- Do not consume food or drink in the reloading area to avoid contamination.
- Regularly check for recalls or safety updates related to your reloading equipment.

## Specific Safety Precautions for Use

- **Carbide Die Handling:** Handle the carbide dies with care. Avoid dropping or striking them as this may cause damage.
- **Powder Thru Expanding Die:** Ensure that the powder measure is correctly set up to avoid overcharging cases. Follow the manufacturer's instructions for adjusting the powder measure.
- **Bullet Seating Die:** Make sure the bullet seating depth is set correctly to prevent excessive pressure during firing.
- **Universal Shell Holder:** Confirm that the shell holder is compatible with the .45 Colt cartridges to ensure proper functioning.
- **Smart Lock Bushings:** Ensure that the Smart Lock bushings are securely installed before use to prevent any accidental disassembly during operation.

## Instructions for Installation and Usage

### 1. Setup:

- Gather all components: Carbide Full Length Sizing Die, Bullet Seating Die, Powder Thru Expanding Die, Universal Shell Holder, and Powder Dipper.
- Read the instructions provided with the die set for specific setup details.

### 2. Installation:

- Install the Carbide Full Length Sizing Die into your reloading press according to the manufacturer's instructions.
- Next, install the Powder Thru Expanding Die and adjust it as necessary.
- Finally, install the Bullet Seating Die.

### 3. Using the Die Set:

- Start by resizing the brass cases using the Full Length Sizing Die. Ensure proper lubrication of the

- cases to avoid sticking.
- Use the Powder Thru Expanding Die to add the correct amount of powder to each case. Doublecheck your powder measurements.
- Seat the bullets using the Bullet Seating Die, ensuring that they are seated to the correct depth.

#### 4. Final Checks:

- Inspect each completed round for proper assembly and ensure there are no visible defects.
- Store completed ammunition in a safe, dry place away from heat sources.

## Disposal Instructions

- Dispose of any unused or expired reloading components according to local regulations.
- Do not throw away hazardous materials in regular trash. Consult your local waste disposal facility for proper disposal methods.
- Ensure that all packaging materials are recycled or disposed of responsibly.

## Contact Information for Further Support

For any safety inquiries or concerns regarding the Lee Handgun Breech Lock Carbide 3Die Set, please refer to the contact details provided in the product packaging or visit the official website of Lee Precision for further assistance.

By following these safety instructions and guidelines, you can ensure a safe and enjoyable reloading experience with your Lee Handgun Breech Lock Carbide 3Die Set. Always prioritize safety and stay informed about best practices in reloading.
