# Safety Instruction Guide for BREECH LOCK PISTOL CARBIDE 3DIE SETS LEE PRECISION .38 SPL / 357 MAG

## Introduction

Thank you for choosing the Lee Handgun Breech Lock Carbide 3Die Set. This product is designed to help you efficiently and safely reload ammunition for .38 Special and .357 Magnum cartridges. To ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR), please read this safety instruction guide carefully.

## General Safety Guidelines

- Always handle all reloading equipment with care to avoid accidents.
- Ensure that your workspace is clean and free from distractions.
- Store the die set and all reloading components in a secure location, out of reach of children.
- Follow all local laws and regulations regarding ammunition reloading and storage.
- Wear appropriate safety gear, including safety glasses and gloves, while reloading.
- Be aware of the risks associated with the handling of gunpowder and primers.

## Specific Safety Precautions for Use

- **Cartridge Safety:** Only use this die set with .38 Special and .357 Magnum cartridges. Using incompatible cartridges may lead to dangerous malfunctions.
- **Die Handling:** Handle the dies carefully. Avoid dropping or striking them, as this can cause damage.
- **Powder Handling:** Always measure powder charges accurately and avoid overloading cartridges, which can cause dangerous pressure levels.
- **Ventilation:** Ensure your reloading area is wellventilated to avoid inhaling fumes from gunpowder.
- **Children and Vulnerable Groups:** Keep all reloading materials and tools out of reach of children and individuals who may not understand the risks associated with them.

## Instructions for Installation and Usage

### 1. Unpacking the Die Set:

- Carefully remove the die set from the packaging.
- Check for any visible damage. If damaged, do not use the product and contact your supplier.

### 2. Setup:

- Install the Universal Shell Holder into your reloading press according to the manufacturer's instructions.
- Insert the Carbide Full Length Sizing Die into the press and secure it tightly.
- Follow with the Bullet Seating Die and Powder Thru Expanding Die, ensuring they are properly adjusted for your specific reloading needs.

### 3. Loading Ammunition:

- Begin by resizing your brass using the Full Length Sizing Die.
- Expand the case mouth with the Powder Thru Expanding Die.
- Measure and pour the appropriate amount of powder into each case.
- Seat the bullet using the Bullet Seating Die, ensuring it is positioned correctly.

#### 4. Final Checks:

- Inspect each loaded cartridge for any signs of malfunction or improper loading before use.
- Store completed ammunition in a safe and secure location.

## Disposal Instructions

- Dispose of any unused or expired reloading components, including primers and powders, in accordance with local regulations.
- Do not throw reloading materials in regular trash. Contact local waste management authorities for proper disposal methods.

## Contact Information for Further Support

For any inquiries related to safety or product performance, please reach out to your local distributor or manufacturer. They can provide assistance and additional information regarding your Lee Handgun Breech Lock Carbide 3Die Set.

By following these safety guidelines and instructions, you can ensure a safe and enjoyable reloading experience. Always prioritize safety and take the necessary precautions when handling reloading equipment and materials.
