# Safety Instruction Guide for BREECH LOCK PISTOL CARBIDE 3DIE SETS LEE PRECISION .40 S&W

## Introduction

Thank you for choosing the BREECH LOCK PISTOL CARBIDE 3DIE SET from LEE PRECISION. This product is designed to help you safely and effectively reload ammunition for your .40 S&W handgun. It is essential to follow all safety guidelines and instructions to ensure a safe reloading experience.

## General Safety Guidelines

- Always read and understand all instructions and warnings before using the product.
- Ensure that the workspace is clean, dry, and well-lit to prevent accidents.
- Keep the reloading area free from distractions and unauthorized persons, especially children.
- Use protective eyewear and hearing protection when reloading.
- Store all reloading components, including dies and powders, out of reach of children and pets.
- Regularly inspect the equipment for wear and damage before use.
- Do not exceed the maximum load data specified for your ammunition.

## Specific Safety Precautions for Use

- Handle all reloading components with care, as they can be hazardous.
- Avoid using damaged or worn-out dies, as they can lead to malfunction or accidents.
- Ensure that the Breech Lock system is properly engaged before use to avoid accidents.
- Always use the correct die for the specific cartridge you are reloading.
- Follow the manufacturer's instructions for die adjustment and setup.
- Never leave reloading equipment unattended while in use.
- Be aware of the potential hazards associated with gunpowder and primers, including fire and explosion risks.

## Instructions for Installation and Usage

### 1. Unpacking the Set

- Carefully unpack the BREECH LOCK PISTOL CARBIDE 3DIE SET.
- Verify that all components are present: Carbide Full Length Sizing Die, Bullet Seating Die, Powder Thru Expanding Die, color-coded Smart Lock bushings, Universal Shell Holder, Powder Dipper, and instructions.

### 2. Installation of Dies

- Select the appropriate die for your reloading process.
- Insert the die into the press and secure it according to the manufacturer's instructions.
- Ensure that the die is properly aligned and tightened to prevent movement during use.

### 3. Adjusting the Dies

- Adjust the Full Length Sizing Die according to the provided instructions to ensure proper sizing of the cartridge.
- Set up the Powder Thru Expanding Die to expand the case mouth to accept the bullet.
- Adjust the Bullet Seating Die to ensure correct bullet seating depth.

### 4. Reloading Process

- Begin by preparing your cases; clean and inspect them for defects.
- Use the Powder Dipper to measure the appropriate amount of powder according to the load data provided.
- Follow the sequence: size the case, expand the mouth, insert the powder, and seat the bullet.
- Check each round for consistency and quality before proceeding.

#### **5. PostUse Care**

- After reloading, clean all dies and store them in a safe place.
- Ensure that all reloading components are stored securely and out of reach of children.

## **Disposal Instructions**

- Dispose of any unused or expired reloading components in accordance with local regulations.
- Do not throw away primers or gunpowder in regular trash. Contact local waste management for guidance on safe disposal.
- Ensure that all packaging materials are recycled or disposed of properly.

## **Contact Information for Further Support**

For any questions or concerns regarding the BREECH LOCK PISTOL CARBIDE 3DIE SET, please refer to the manufacturer's website or contact their customer service for assistance.

By following these safety instructions, you can help ensure a safe and successful reloading experience with your BREECH LOCK PISTOL CARBIDE 3DIE SET. Always prioritize safety and adhere to all guidelines provided. Thank you for your attention to safety, and happy reloading!
