# BREECH LOCK RIFLE 3DIE SET SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the BREECH LOCK RIFLE 3DIE SET by LEE PRECISION. This guide provides important safety instructions and guidelines to ensure safe and effective use of your reloading equipment. Please read this document carefully before use.

## General Safety Guidelines

- Always keep the product out of reach of children and vulnerable individuals.
- Ensure that your workspace is clean, organized, and free from distractions.
- Wear appropriate safety gear, including safety glasses and gloves, when using this product.
- Follow all local laws and regulations regarding ammunition reloading.
- Do not use the product if it appears damaged or malfunctioning. Contact your retailer for assistance.
- Be aware of potential hazards, including the handling of powders and primers, which can be flammable or explosive.
- Always store reloading components in a cool, dry place away from heat sources and direct sunlight.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Only use the BREECH LOCK RIFLE 3DIE SET with .300 AAC Blackout cartridge cases.
- Ensure that your reloading press is compatible with the Breech Lock Quick Change feature.
- Handle all reloading components with care, following the manufacturer's instructions for each component.
- Do not exceed recommended loads as specified in your reloading data.
- Avoid using mixed brass from unknown sources, as it may lead to inconsistent performance or malfunction.
- Always doublecheck measurements and settings before starting the reloading process.
- Keep the area wellventilated when working with powders and primers.
- Never smoke or have open flames near your reloading area.

## Instructions for Installation and Usage

### 1. Unpacking the Set:

- Carefully remove the BREECH LOCK RIFLE 3DIE SET from its packaging.
- Ensure that all components are included: Full Length Sizing Die, Easy Adjust Dead Length Bullet Seating Die, Factory Crimp Die, Universal Shell Holder, Powder Dipper, and Instructions/Load Data.

### 2. Setting Up the Dies:

- Install the Full Length Sizing Die into your reloading press using the Breech Lock Quick Change feature.
- Follow the same procedure for the Easy Adjust Dead Length Bullet Seating Die and Factory Crimp Die.
- Use the colored Smart Lock bushings for easy identification of each die.

### 3. Reloading Process:

- Begin by resizing the brass using the Full Length Sizing Die.

- Next, use the Easy Adjust Dead Length Bullet Seating Die to seat the bullets to the desired length.
- Finally, apply a crimp using the Factory Crimp Die to ensure secure bullet seating.

#### **4. Using the Powder Dipper:**

- Measure the appropriate amount of powder using the Powder Dipper provided.
- Ensure that you are following the load data instructions for the .300 AAC Blackout cartridge.

#### **5. Final Checks:**

- Inspect each cartridge for proper powder level and bullet seating.
- Store completed cartridges in a safe and organized manner.

## **Disposal Instructions**

- Dispose of any unused or expired reloading components according to local regulations.
- Do not dispose of reloading materials in regular household waste.
- Contact local waste management authorities for guidance on proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the BREECH LOCK RIFLE 3DIE SET, please consult your retailer or manufacturer. Ensure that you have your product information available for reference.

By following these safety instructions, you can ensure a safe and enjoyable reloading experience with your BREECH LOCK RIFLE 3DIE SET. Thank you for your attention to safety, and happy reloading!
