# BREECH LOCK RIFLE 3DIE SET SAFETY INSTRUCTION GUIDE

## Introduction

Thank you for choosing the BREECH LOCK RIFLE 3DIE SET by Lee Precision. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your reloading equipment. Please read this document carefully before use.

## General Safety Guidelines

- Always follow the manufacturer's instructions for safe handling and use of the reloading equipment.
- Ensure that the reloading area is wellventilated and free from distractions.
- Keep all reloading materials out of reach of children and unauthorized individuals.
- Wear appropriate personal protective equipment, such as safety glasses and gloves, when handling reloading components.
- Regularly inspect your reloading equipment for any signs of wear or damage.
- Store all reloading components in a cool, dry place, away from heat sources and direct sunlight.
- Be aware of the specific hazards associated with the materials you are using, including primers, powders, and projectiles.

## Specific Safety Precautions for Use

- **Cartridge Handling:** Always handle cartridges with care. Do not exceed recommended load specifications.
- **Powder Storage:** Store powders in their original containers with labels intact. Keep them tightly closed when not in use.
- **Primers:** Handle primers with caution. Avoid striking or dropping them, as they can ignite.
- **Reloading Press:** Ensure the Breech Lock Quick Change feature is properly installed and functioning before use.
- **Die Adjustment:** Make adjustments to the dies only when the press is in a safe, unloaded condition.
- **DistractionFree Environment:** Avoid distractions while reloading. Focus on the task at hand to prevent accidents.

## Instructions for Installation and Usage

1. **Unpacking the Set:** Carefully unpack the BREECH LOCK RIFLE 3DIE SET and ensure all components are included:
  - Full Length Sizing Die
  - Easy Adjust Dead Length Bullet Seating Die
  - Factory Crimp Die
  - Universal Shell Holder
  - Powder Dipper
  - Instructions/Load Data
2. **Setting Up the Reloading Press:**
  - Ensure your reloading press is securely mounted to a stable work surface.
  - Install the Breech Lock bushings into the dies for easy identification.
3. **Installing the Dies:**

- Insert the Full Length Sizing Die into the press and secure it according to the manufacturer's instructions.
- Follow with the Easy Adjust Dead Length Bullet Seating Die and the Factory Crimp Die.

#### **4. Using the Universal Shell Holder:**

- Select the appropriate shell holder for the .308 Winchester cartridge and install it in the press.

#### **5. Reloading Process:**

- Follow the load data provided with your die set for accurate measurements.
- Use the Powder Dipper to measure and dispense the correct amount of powder.
- Seat the bullets using the Easy Adjust Dead Length Bullet Seating Die.
- Apply crimp using the Factory Crimp Die as needed.

#### **6. Final Inspection:**

- Inspect each cartridge for proper seating and crimp before use.
- Store completed cartridges in a safe and designated area.

## **Disposal Instructions**

- Dispose of any unused or expired reloading materials in accordance with local regulations.
- Do not throw away hazardous materials in regular trash. Contact local waste management for proper disposal methods.
- Ensure that spent primers, powder residues, and other waste are disposed of safely.

## **Contact Information for Further Support**

For any safety inquiries or further assistance regarding the BREECH LOCK RIFLE 3DIE SET, please refer to the manufacturer's contact information provided with the product packaging.

By following these safety instructions, you can ensure a safe and productive reloading experience. Thank you for choosing Lee Precision. Happy reloading!
