# Safety Instruction Guide for BREECH LOCK RIFLE 3DIE SETS LEE PRECISION .243 WINCHESTER

## Introduction

Thank you for choosing the BREECH LOCK RIFLE 3DIE SET from LEE PRECISION. This guide provides important safety information and instructions to ensure the safe and effective use of your reloading equipment. Please read this guide thoroughly before use.

## General Safety Guidelines

- Ensure that you are familiar with the operation of your reloading press and dies before starting.
- Always wear appropriate safety gear, including safety glasses and hearing protection, when reloading ammunition.
- Keep all reloading materials, including powders and primers, out of reach of children and unauthorized individuals.
- Store your reloading equipment in a dry, secure location.
- Regularly inspect your equipment for any signs of wear or damage. Replace any damaged parts immediately.
- Follow all local laws and regulations regarding ammunition reloading and storage.

## Specific Safety Precautions for Use

### • Hazard Identification:

- Risk of injury from improper handling of reloading materials.
- Risk of explosion or fire from incorrect powder storage or handling.
- Risk of damage to the firearm from improperly resized cases or incorrect bullet seating.

### • Avoiding Hazards:

- Always use the correct die for the specific cartridge you are reloading—this set is designed for .243 Winchester.
- Ensure that your reloading press is securely mounted and stable during use.
- Do not exceed recommended powder charges as specified in reloading manuals.
- Keep the reloading area clean and free from clutter to avoid accidents.
- Never smoke or have open flames near your reloading setup.

### • Age Specific Warnings:

- This product is not intended for use by individuals under the age of 18 without adult supervision.
- Ensure that inexperienced users are closely monitored during the reloading process.

## Instructions for Installation and Usage

### Installation

#### 1. Setting Up Your Reloading Press:

- Ensure your reloading press is mounted securely to a stable workbench.
- Follow the manufacturer's instructions for the initial setup of your reloading press.

#### 2. Installing the Dies:

- Select the appropriate die from your BREECH LOCK 3DIE SET.
- Insert the Full Length Sizing Die into the press, ensuring it is tightened securely.
- Repeat the process for the Easy Adjust Dead Length Bullet Seating Die and the Factory Crimp Die.

### **3. Using Smart Lock Bushings:**

- Utilize the colored Smart Lock bushings for easy identification of each die.
- Ensure that each bushing is properly seated to prevent movement during operation.

## **Usage**

### **1. Reloading Steps:**

- Begin with the Full Length Sizing Die to resize your brass cases.
- Follow with the Easy Adjust Dead Length Bullet Seating Die to seat your bullets to the desired depth.
- Finally, use the Factory Crimp Die to ensure proper crimping of the cartridge.

### **2. Using the Universal Shell Holder:**

- Ensure the correct shell holder is used for .243 Winchester brass.
- Insert the shell holder into the press before starting the reloading process.

### **3. Powder Dipper Usage:**

- Use the powder dipper to measure the appropriate amount of powder for your load.
- Follow the reloading manual for recommended powder types and charges.

### **4. Final Inspection:**

- Inspect each completed round for proper seating and crimping.
- Ensure there are no visible defects before storing or using the ammunition.

## **Disposal Instructions**

- Dispose of any unused or expired reloading materials in accordance with local regulations.
- Do not dispose of hazardous materials in regular trash. Contact local waste management for proper disposal methods.
- Recycle any metal components when possible, following local recycling guidelines.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of your BREECH LOCK RIFLE 3DIE SET, please contact the manufacturer or your local dealer for assistance. Always ensure you are following the latest safety guidelines and regulations related to ammunition reloading.

Thank you for your attention to these important safety instructions. Your safety and the safety of others is paramount when reloading ammunition. Enjoy your reloading experience responsibly!
