# Safety Instruction Guide for BREECH LOCK RIFLE 3DIE SETS LEE PRECISION 7MM REMINGTON MAG

## Introduction

Thank you for choosing the BREECH LOCK RIFLE 3DIE SET by Lee Precision. This guide provides essential safety instructions and information to ensure safe and effective use of the product. Please read this guide carefully before using the die set.

## General Safety Guidelines

- Ensure that you are familiar with the operation of your reloading press and all associated equipment.
- Always wear appropriate safety gear, including safety glasses and hearing protection, when reloading ammunition.
- Keep the workspace clean and organized to prevent accidents.
- Store all reloading components, including dies, in a secure place away from children and unauthorized users.
- Follow all local laws and regulations regarding the reloading of ammunition.
- Regularly inspect your equipment for wear and damage. Replace any defective parts before use.
- Do not exceed recommended load data and always verify measurements before reloading.

## Specific Safety Precautions for Use

### • Hazard Identification:

- Improper use of reloading dies can lead to accidents, including misfires or injuries.
- Always ensure that the die set is compatible with your specific reloading press model.

### • Avoiding Hazards:

- Do not attempt to modify or alter the dies or any components.
- Use the correct cartridge type and ensure that all components are clean and free of debris before use.
- Be cautious when handling powders and primers, as they can be hazardous.

### • Age Restrictions:

- This product is intended for use by individuals aged 18 and older. Ensure that minors do not have access to reloading equipment.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure your reloading press is securely mounted and stable.
- Select the appropriate die from the set: Full Length Sizing Die, Easy Adjust Dead Length Bullet Seating Die, or Factory Crimp Die.
- Insert the die into the Breech Lock bushing and tighten securely according to the manufacturer's instructions.
- Attach the Universal Shell Holder to the press.

### 2. Usage:

- Follow the instructions provided with the die set for specific reloading procedures.
- Use the Powder Dipper to measure the correct amount of powder for each cartridge.
- After seating the bullet, use the Factory Crimp Die to ensure proper crimping.
- Regularly check the seating depth and crimp to maintain consistency in your reloads.

### **3. PostUsage Care:**

- Clean all dies and components after each use to prevent corrosion and buildup.
- Store the die set in a dry place, preferably in its original packaging or a dedicated storage container.

## **Disposal Instructions**

- Dispose of any unused or expired reloading components in accordance with local regulations.
- Do not dispose of hazardous materials, such as primers and powders, in regular household waste.
- Contact local waste management authorities for guidance on the proper disposal of hazardous materials.

## **Contact Information for Further Support**

For any questions or concerns regarding the BREECH LOCK RIFLE 3DIE SET, please refer to the manufacturer's website or customer service for assistance.

By following these safety instructions and guidelines, you can ensure a safe and enjoyable reloading experience with your BREECH LOCK RIFLE 3DIE SET. Always prioritize safety and stay informed about best practices in ammunition reloading.
