

# RIFLE FACTORY CRIMP DIES - LEE PRECISION 6MM ARC FACTORY CRIMP DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Lee Factory Crimp Die crimps the bullet in place more firmly than any other tool Tests demonstrate that even bullets which have no crimp groove will shoot more accurately A firm crimp improves accuracy because pressure must build to a higher level before the bullet begins to move. This higher start pressure insures a more uniform pressure curve and less velocity variation Features a collet that squeezes the case mouth into the crimping groove for a firm hold Shellholder not included Fits all 7/8"-14 reloading presses

## Attributes

- Name: [LEE PRECISION 6MM ARC FACTORY CRIMP DIE](#)
- Manufacturer: [LEE PRECISION](#)
- Product no.: 430109250
- Mfr. No.: 91664
- Cartridge: 6 mm ARC
- Die Style: Factory Crimp Die
- Delivery weight: 0.136kg
- Shipping height: 38mm
- Shipping width: 38mm
- Shipping length: 121mm
- UPC: 734307916640

# **RIFLE FACTORY CRIMP DIES LEE PRECISION 6MM ARC FACTORY CRIMP DIE Safety Instruction Guide**

## **Introduction**

Thank you for choosing the Lee Factory Crimp Die for 6mm ARC. This product is designed to enhance the performance of your ammunition by providing a secure crimp that improves accuracy. To ensure safe and effective use of this product, please read and follow the guidelines outlined in this safety instruction guide.

## **General Safety Guidelines**

- Always handle ammunition and reloading equipment with care.
- Ensure that you are familiar with local laws and regulations regarding ammunition reloading.
- Keep the work area clean and free from distractions.
- Store all reloading components, including dies, in a safe and secure location away from children and unauthorized users.
- Use personal protective equipment (PPE) such as safety glasses and gloves when handling reloading materials.
- Be aware of potential hazards associated with reloading, including the risk of injury from improper handling or malfunctioning equipment.

## **Specific Safety Precautions for Use**

- Ensure the die is compatible with your reloading press (7/8"14).
- Do not use the die if it is damaged or shows signs of wear.
- Always follow the manufacturer's instructions for use.
- Avoid exceeding recommended load limits for the 6mm ARC cartridge.
- Use only appropriate and quality components for reloading.
- Ensure that the crimping process is performed in a wellventilated area to avoid inhalation of dust or fumes.
- Never point the reloading press or die at yourself or others during use.
- Keep hands and body clear from the press during operation to prevent injury.

## **Instructions for Installation and Usage**

### **1. Installation of the Die:**

- Ensure that your reloading press is securely mounted.
- Remove any existing dies from the press.
- Insert the Lee Factory Crimp Die into the press and tighten securely.
- Adjust the die to the appropriate height according to the manufacturer's instructions.

### **2. Using the Die:**

- Prepare your cases by ensuring they are clean and free from debris.
- Insert a case into the press and raise the ram to the top position.
- Place a bullet in the case mouth.
- Lower the ram to crimp the bullet securely into the case.
- Inspect the crimp to ensure it is uniform and secure.
- Repeat the process for all cases as needed.

### **3. PostUsage:**

- After completing the crimping process, clean the die according to the manufacturer's recommendations.
- Store the die in a safe and dry place.

## Disposal Instructions

- Dispose of any unused or expired reloading materials in accordance with local regulations.
- Do not dispose of ammunition or reloading components in regular household waste.
- Contact your local waste management facility for proper disposal methods.

## Contact Information for Further Support

For any inquiries or concerns regarding the safety and usage of the Lee Factory Crimp Die, please refer to the manufacturer's contact information provided with the product packaging.

**Note:** It is important to stay informed about product recalls or safety alerts. Regularly check the EU's Safety Gate platform for updates on unsafe products and safety recalls.

By following these guidelines, you can ensure a safe and effective reloading experience with the Lee Factory Crimp Die for 6mm ARC. Thank you for prioritizing safety in your reloading practices.
