

RIFLE FACTORY CRIMP DIES - LEE PRECISION .224 VALKYRIE FACTORY CRIMP DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Lee Factory Crimp Die crimps the bullet in place more firmly than any other tool Tests demonstrate that even bullets which have no crimp groove will shoot more accurately A firm crimp improves accuracy because pressure must build to a higher level before the bullet begins to move. This higher start pressure insures a more uniform pressure curve and less velocity variation Features a collet that squeezes the case mouth into the crimping groove for a firm hold Shellholder not included Fits all 7/8"-14 reloading presses

Attributes

- Name: [LEE PRECISION .224 VALKYRIE FACTORY CRIMP DIE](#)
- Manufacturer: [LEE PRECISION](#)
- Product no.: 430109261
- Mfr. No.: 91487
- Cartridge: 224 Valkyrie
- Die Style: Factory Crimp Die
- Delivery weight: 0.136kg
- Shipping height: 38mm
- Shipping width: 38mm
- Shipping length: 121mm
- UPC: 734307914875

Safety Instruction Guide for Lee Precision .224 Valkyrie Factory Crimp Die

Introduction

Thank you for choosing the Lee Precision .224 Valkyrie Factory Crimp Die. This product is designed to provide a secure crimp for your ammunition, enhancing accuracy and performance. Please read this safety instruction guide thoroughly to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure that you are familiar with the operation of reloading equipment and follow all manufacturer instructions.
- Always wear appropriate safety gear, including eye protection, when handling ammunition and reloading equipment.
- Keep the reloading area clean and free of distractions to prevent accidents.
- Store the crimp die and all reloading components out of reach of children and unauthorized users.
- Regularly inspect your equipment for wear and damage. Do not use damaged tools.
- Follow all local laws and regulations regarding ammunition reloading and storage.

Specific Safety Precautions for Use

- Only use the crimp die with cartridges that are compatible with the .224 Valkyrie specifications.
- Never attempt to modify the crimp die or use it for unintended purposes.
- Ensure that the shellholder is properly fitted to the reloading press before using the die.
- Do not exceed recommended pressures or load limits when reloading ammunition.
- Always keep your hands and face clear of the reloading press while operating it.
- If you experience any unusual resistance or difficulty while using the die, stop immediately and inspect for potential issues.

Instructions for Installation and Usage

1. Installation:

- Ensure the reloading press is securely mounted and stable.
- Screw the Lee Factory Crimp Die into the press using the 7/8"14 threads.
- Tighten the die securely, but do not overtighten as this may damage the threads.

2. Usage:

- Prepare your cases by ensuring they are clean and properly sized.
- Insert the case into the shellholder and raise the ram to the top position.
- Adjust the crimp die by turning it down until it makes contact with the case mouth.
- Lower the ram and apply a firm crimp by raising the ram again. Repeat for each round.
- Inspect each crimped round for consistency and proper crimp.

Disposal Instructions

- Dispose of any unused or expired ammunition components in accordance with local regulations.
- Do not throw away the crimp die in regular waste. Check with local waste management authorities for proper disposal methods.
- Always ensure that all components are safely stored until disposal.

Contact Information for Further Support

For any inquiries regarding the Lee Precision .224 Valkyrie Factory Crimp Die, please refer to the product packaging or visit the manufacturer's website for additional resources and support.

Conclusion

By following these safety instructions, you can ensure a safe and effective reloading experience with the Lee Precision .224 Valkyrie Factory Crimp Die. Always prioritize safety and adhere to best practices when handling ammunition and reloading equipment. Thank you for your commitment to safe reloading practices.
