

RIFLE FACTORY CRIMP DIES - LEE PRECISION 50 BEOWULF CUSTOM FACTORY CRIMP DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Lee Factory Crimp Die crimps the bullet in place more firmly than any other tool Tests demonstrate that even bullets which have no crimp groove will shoot more accurately A firm crimp improves accuracy because pressure must build to a higher level before the bullet begins to move. This higher start pressure insures a more uniform pressure curve and less velocity variation Features a collet that squeezes the case mouth into the crimping groove for a firm hold Shellholder not included Fits all 7/8"-14 reloading presses

Attributes

- Name: [LEE PRECISION 50 BEOWULF CUSTOM FACTORY CRIMP DIE](#)
- Manufacturer: [LEE PRECISION](#)
- Product no.: 430109263
- Mfr. No.: 91738
- Cartridge: 50 Beowulf
- Die Style: Factory Crimp Die
- Delivery weight: 0.136kg
- Shipping height: 38mm
- Shipping width: 38mm
- Shipping length: 121mm
- UPC: 734307917388

RIFLE FACTORY CRIMP DIES LEE PRECISION 50 BEOWULF CUSTOM FACTORY CRIMP DIE Safety Instruction Guide

Introduction

Thank you for choosing the RIFLE FACTORY CRIMP DIES LEE PRECISION 50 BEOWULF CUSTOM FACTORY CRIMP DIE. This guide provides essential safety instructions and usage guidelines to ensure safe handling and operation of the product. Please read this guide carefully before use.

General Safety Guidelines

- Always handle ammunition and reloading equipment with care.
- Ensure that you are in a wellventilated area while reloading.
- Keep the work area clean and organized to prevent accidents.
- Store all reloading materials out of reach of children and unauthorized users.
- Wear appropriate safety gear, including safety glasses and gloves, when reloading.
- Be aware of the potential hazards associated with reloading, including the risk of injury from improper handling.
- Report any unsafe products or incidents to the relevant authorities.

Specific Safety Precautions for Use

- Ensure that the die is compatible with your reloading press (fits all 7/8"14 reloading presses).
- Do not exceed the recommended load limits for your ammunition.
- Always doublecheck measurements and settings before starting the reloading process.
- Avoid distractions while reloading to maintain focus and precision.
- Use the die only for its intended purpose—crimping bullets for the 50 Beowulf cartridge.
- Inspect the die regularly for signs of wear or damage. Replace if necessary.

Instructions for Installation and Usage

1. Installation:

- Securely attach the crimp die to your reloading press using the appropriate threads.
- Ensure the die is tightened but not overtightened to avoid damage.

2. Preparation:

- Prepare your brass cases by cleaning and inspecting them for defects.
- Ensure you have the correct bullets and powder for the 50 Beowulf cartridge.

3. Crimping Process:

- Insert the prepared case into the press and raise it to the die.
- Adjust the die to apply the desired crimp level, ensuring a firm hold on the bullet.
- Lower the case and repeat the process for additional rounds as necessary.

4. Final Inspection:

- After crimping, inspect each round to ensure the bullet is seated properly and the crimp is uniform.
- Store completed ammunition in a safe and secure location.

Disposal Instructions

- Dispose of any unused or defective reloading materials in accordance with local regulations.
- Do not dispose of any reloading components in regular household waste.
- Contact local waste management authorities for guidance on proper disposal methods.

Contact Information for Further Support

For any questions regarding the RIFLE FACTORY CRIMP DIES LEE PRECISION 50 BEOWULF CUSTOM FACTORY CRIMP DIE or safety concerns, please refer to the manufacturer's website or contact their customer support.

By following these safety guidelines and instructions, you can ensure a safe and effective reloading experience. Thank you for prioritizing safety while using the RIFLE FACTORY CRIMP DIES LEE PRECISION 50 BEOWULF CUSTOM FACTORY CRIMP DIE.
