

# RIFLE FACTORY CRIMP DIES - LEE PRECISION 6MM CREEDMOOR FACTORY CRIMP DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Lee Factory Crimp Die crimps the bullet in place more firmly than any other tool Tests demonstrate that even bullets which have no crimp groove will shoot more accurately A firm crimp improves accuracy because pressure must build to a higher level before the bullet begins to move. This higher start pressure insures a more uniform pressure curve and less velocity variation Features a collet that squeezes the case mouth into the crimping groove for a firm hold Shellholder not included Fits all 7/8"-14 reloading presses

## Attributes

- Name: [LEE PRECISION 6MM CREEDMOOR FACTORY CRIMP DIE](#)
- Manufacturer: [LEE PRECISION](#)
- Product no.: 430109268
- Mfr. No.: 91488
- Cartridge: 6mm Creedmoor
- Die Style: Factory Crimp Die
- Delivery weight: 0.136kg
- Shipping height: 38mm
- Shipping width: 38mm
- Shipping length: 121mm

# Safety Instruction Guide for Lee Precision 6mm Creedmoor Factory Crimp Die

## Introduction

Thank you for choosing the Lee Precision 6mm Creedmoor Factory Crimp Die. This product is designed to enhance the accuracy of your ammunition by securely crimping the bullet in place. Please read this safety instruction guide carefully to ensure safe and effective use of the die.

## General Safety Guidelines

- Always use the die in accordance with the manufacturer's instructions.
- Ensure that the die is compatible with your reloading press (fits all 7/8"14 reloading presses).
- Keep the workspace clean and organized to avoid accidents.
- Store the die in a safe place, out of reach of children and pets.
- Inspect the die regularly for any signs of wear or damage.
- In case of any malfunction or defect, discontinue use immediately and report it.

## Specific Safety Precautions for Use

- **Potential Hazards:**

- Improper use of the die can lead to inaccurate ammunition, which may cause firearm malfunctions.
- The die contains small parts that can pose a choking hazard if ingested.

- **Avoiding Hazards:**

- Always wear appropriate safety gear, such as safety glasses and gloves, when using the die.
- Do not attempt to modify the die or use it for purposes other than intended.
- Ensure that the die is securely attached to the reloading press before use.
- Use only the recommended cartridge (6mm Creedmoor) with this die.

## Instructions for Installation and Usage

- **Installation:**

1. Ensure that the reloading press is securely mounted on a stable surface.
2. Remove any existing dies from the press.
3. Screw the Lee Precision 6mm Creedmoor Factory Crimp Die into the press, ensuring it is tightened securely.
4. Insert the appropriate shell holder (not included) into the press.

- **Usage:**

1. Prepare your cartridge cases according to standard reloading procedures.
2. Place a cartridge case into the shell holder.
3. Raise the ram of the press to bring the case into contact with the die.
4. Lower the ram to complete the crimping process.
5. Repeat for all cartridges as needed.
6. Inspect each crimped cartridge for uniformity and quality before use.

## **Disposal Instructions**

- Dispose of the die responsibly according to local regulations.
- Do not discard the die in regular household waste.
- Contact local waste management authorities for proper disposal methods.

## **Contact Information for Further Support**

For any inquiries or support regarding the Lee Precision 6mm Creedmoor Factory Crimp Die, please reach out to the designated contact point in your region.

## **Conclusion**

By following these safety instructions, you can ensure a safe and effective reloading experience with your Lee Precision 6mm Creedmoor Factory Crimp Die. Always prioritize safety and consult this guide whenever necessary. Thank you for your attention to these important safety practices.
