

# RIFLE FACTORY CRIMP DIES - LEE PRECISION 28 NOSLER CUSTOM FACTORY CRIMP DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Lee Factory Crimp Die crimps the bullet in place more firmly than any other tool Tests demonstrate that even bullets which have no crimp groove will shoot more accurately A firm crimp improves accuracy because pressure must build to a higher level before the bullet begins to move. This higher start pressure insures a more uniform pressure curve and less velocity variation Features a collet that squeezes the case mouth into the crimping groove for a firm hold Shellholder not included Fits all 7/8"-14 reloading presses

## Attributes

- Name: [LEE PRECISION 28 NOSLER CUSTOM FACTORY CRIMP DIE](#)
- Manufacturer: [LEE PRECISION](#)
- Product no.: 430109270
- Mfr. No.: 91236
- Cartridge: 28 Nosler
- Die Style: Factory Crimp Die
- Delivery weight: 0.136kg
- Shipping height: 38mm
- Shipping width: 38mm
- Shipping length: 121mm
- UPC: 734307912369

# RIFLE FACTORY CRIMP DIES LEE PRECISION 28 NOSLER CUSTOM FACTORY CRIMP DIE Safety Instructions Guide

## Introduction

Thank you for choosing the RIFLE FACTORY CRIMP DIES LEE PRECISION 28 NOSLER CUSTOM FACTORY CRIMP DIE. This product is designed to enhance your reloading experience by providing a firm crimp on your bullets, leading to improved accuracy. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Always ensure that you are using the crimp die in a safe and controlled environment.
- Follow all manufacturer instructions and guidelines when using this product.
- Keep the product out of reach of children and vulnerable individuals.
- Wear appropriate safety gear, including eye protection, when reloading ammunition.
- Regularly inspect the die for any signs of damage or wear. Do not use if damaged.
- Store the die in a dry, cool place when not in use to prevent corrosion or damage.

## Specific Safety Precautions for Use

- Ensure that the reloading press you are using is compatible with the 7/8"14 threading of the die.
- Check that the bullet you are crimping is suitable for use with a factory crimp die.
- Do not exceed the recommended load specifications for the 28 Nosler cartridge.
- Avoid using the die with cases that have excessive wear or damage.
- Do not attempt to modify the die or use it for purposes other than intended.
- Always keep your hands and body clear of the die and press during operation.

## Instructions for Installation and Usage

### 1. Installation

- Securely mount the crimp die onto your 7/8"14 reloading press.
- Adjust the die to the desired depth according to your specific reloading requirements.
- Ensure that the die is tightened properly to prevent movement during use.

### 2. Usage

- Prepare your cases and bullets according to standard reloading practices.
- Insert the case into the shell holder and raise the ram to the top position.
- Place the bullet into the case mouth.
- Lower the ram to crimp the bullet securely in place.
- Inspect the crimp to ensure it is firm and uniform.

### 3. PostUsage

- After completing your reloading session, clean the die to remove any debris or residue.
- Store the die in its protective case or a suitable storage area.

## **Disposal Instructions**

- Dispose of any used or damaged components in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Check with local authorities for proper disposal methods for metal and plastic materials.

## **Contact Information for Further Support**

For any inquiries related to safety, usage, or product support, please refer to the manufacturer's official website or customer service for assistance.

Thank you for your attention to these safety instructions. Enjoy your reloading experience with the RIFLE FACTORY CRIMP DIES LEE PRECISION 28 NOSLER CUSTOM FACTORY CRIMP DIE!
