

# **TWO STAGE TRIGGER UNIT FOR RUGER 10/22 - KIDD INNOVATIVE DESIGN TWO STAGE TRIGGER UNIT FOR 10/22 SILVER BLK CURVED EXTENDED**

[Rifle Parts](#) > [Triggers Parts](#) > [Triggers](#)

The KIDD is the best aftermarket 10/22 trigger on the market. Whether you are shoot Smallbore Silhouette, the Sportsman's Team Challenge or just hate Crows and Groundhogs this is the trigger you have been looking for. What makes it the best you ask? Tony Kidd's patented two stage design. It offers the incredibly clean and consistent let off expected in a target trigger while maintaining the total reliability and safety required of a field trigger. The pull weight can be infinitely distributed between the two stages offering a pull as light as 6 ounces (3 ounces on the first stage and 3 ounces on the second stage) or as heavy as 2.5 pounds. The KIDD trigger guard is CNC machined from 6061 T6 billet aluminum and each assembly. The hammer, sear, transfer bar and other internal tool steel parts are CNC machined and cut by a wire EDM. All springs are manufactured by a .22 aficionado and KIDD customer Murphy & Read Springs. We assemble each trigger in the KIDD shop employing the strictest quality control knowing our reputation rides on every trigger. What is a two-stage trigger? The two-stage trigger offers a unique geometry which allows a very clean, light, and repeatable break. This is accomplished by distributing the trigger pull weight into two distinct segments. The first segment or stage is an initial take up which leads to the second stage. As you pull the trigger rearward taking up the first stage weight, you will feel a stop. This is the second stage. At this point the hammer and sear are engaged by .001" and any further rearward movement of the trigger will release the hammer firing the shot. The advantage to this system, which is used on all European competition autoloaders, is the ability to not only have very consistent trigger breaks but to also allow light and reliable trigger breaks. In an autoloading rifle this can only be accomplished with a two-stage trigger. When cocked, the two stage has approximately .040" hammer and sear engagement, almost 10 times that of the factory trigger. Only KIDD offers a 10/22 trigger assembly which incorporates precise let off, complete reliability and total safety. FEATURES: Best drop-in aftermarket trigger for the 10/22 No finer trigger can be had for this rifle Faster Lock Time results in less interference of the shot

## **Attributes**

- Name: [KIDD INNOVATIVE DESIGN TWO STAGE TRIGGER UNIT FOR 10/22 SILVER BLK CURVED EXTENDED](#)
- Manufacturer: [KIDD INNOVATIVE DESIGN](#)
- Product no.: 430109359
- Mfr. No.: KIDD-TG2-S-BC-X
- Model: 10/22, BRN-22
- Style: Drop-In, Two-Stage, Curved
- Weapon type: Ruger, Brownells
- Delivery weight: 0.199kg
- Shipping height: 44mm
- Shipping width: 95mm
- Shipping length: 140mm
- UPC: 810132050893

## **Item details**

Made in USA

US export classification: 0A501.c

# **TWO STAGE TRIGGER UNIT FOR RUGER 10/22 SAFETY INSTRUCTIONS**

## **Introduction**

Thank you for choosing the TWO STAGE TRIGGER UNIT FOR RUGER 10/22 manufactured by KIDD INNOVATIVE DESIGN. This product is designed to enhance your shooting experience while ensuring safety and reliability. Please read this safety instruction guide carefully to understand how to use this product safely and effectively.

## **General Safety Guidelines**

- Always treat all firearms as if they are loaded.
- Keep your finger off the trigger until you are ready to shoot.
- Always point the firearm in a safe direction.
- Ensure that the firearm is pointed away from yourself and others when handling.
- Store the trigger unit and firearm in a secure location, away from children and unauthorized users.
- Regularly inspect the trigger unit and firearm for signs of wear or damage before use.
- Follow all local laws and regulations regarding firearm use and ownership.

## **Specific Safety Precautions for Use**

- Ensure that the TWO STAGE TRIGGER UNIT is installed correctly according to the instructions provided.
- Do not modify the trigger unit or any of its components.
- Use only compatible firearms with the TWO STAGE TRIGGER UNIT.
- Be aware of your surroundings and ensure a safe shooting environment.
- Avoid using the trigger unit in wet or humid conditions to prevent rust and corrosion.
- If you experience any malfunctions during use, cease operation immediately and inspect the unit.

## **Instructions for Installation and Usage**

### **1. Installation**

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing trigger assembly from your Ruger 10/22 following the manufacturer's instructions.
- Carefully install the TWO STAGE TRIGGER UNIT into the firearm, ensuring all components are properly aligned.
- Securely fasten all screws and components as per the installation manual.
- Conduct a function check to ensure proper operation before using the firearm.

### **2. Usage**

- Before shooting, ensure the trigger pull weight is adjusted to your preference, between 6 ounces and 2.5 pounds.
- Practice using the twostage trigger to become familiar with its operation:
  - The first stage will provide initial resistance.
  - The second stage will engage just before the hammer is released.
- Always confirm that the firearm is in a safe condition before loading.

## **Disposal Instructions**

- Dispose of the TWO STAGE TRIGGER UNIT in accordance with local regulations regarding electronic and metal waste.

- Do not dispose of the unit in regular household waste.
- If the trigger unit is damaged or no longer usable, contact a local waste management facility for proper disposal options.

## **Contact Information for Further Support**

For any inquiries regarding the TWO STAGE TRIGGER UNIT, please refer to the manufacturer's website or contact your local dealer for assistance.

## **Conclusion**

By following these safety instructions, you can ensure a safe and enjoyable experience with your TWO STAGE TRIGGER UNIT FOR RUGER 10/22. Always prioritize safety and compliance with local laws and regulations. Thank you for your attention to these important guidelines.
