

# **EXTRACTOR AND SPRING REPLACEMENT FOR RUGER 10/22 - KIDD INNOVATIVE DESIGN EXTRACTOR AND SPRING REPLACEMENT FOR RUGER 10/22 LR**

[Rifle Parts](#) > [Bolt Parts](#) > [Extractor Parts](#) > [Extractors](#)

This precision made 10/22 extractor will remove even stubborn cases from your barrel chamber. It was designed using the latest AutoCad Computer Aided Design software and offers the geometry you have come to expect from Kidd Innovative Design. This extractor is cut from hardened (60c) A2 Tool Steel using the latest wire EDM (electrical discharge machine) machining technology. This allows tolerances to be held to .0002". This ensures proper extraction and reliable ejection from tight match chambers. For the quick upgrade to your current rifle or for the ""ultimate"" build this product is KIDD quality no matter the use. FEATURES: Upgrade your 10/22 bolt Better extraction Packaging Includes: extractor and spring

# Safety Instruction Guide for EXTRACTOR AND SPRING REPLACEMENT FOR RUGER 10/22

## Introduction

Thank you for choosing the Extractor and Spring Replacement for Ruger 10/22 by Kidd Innovative Design. This product is designed to enhance the performance of your firearm by providing reliable extraction. Please read this safety instruction guide carefully to ensure safe usage and compliance with EU regulations.

## General Safety Guidelines

- Always handle firearms with care and ensure they are pointed in a safe direction.
- Ensure the firearm is unloaded before performing any maintenance or installation.
- Follow all local laws and regulations regarding firearm modifications and usage.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect your firearm and its components for wear or damage.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about recalls and safety updates through the EU Safety Gate platform.

## Specific Safety Precautions for Use

- Only use the extractor and spring with the Ruger 10/22 model as specified.
- Ensure you are using the product in a wellventilated area, free from distractions.
- Wear appropriate safety gear, including eye protection, when handling firearms.
- Do not attempt to modify the extractor or spring in any way.
- If you experience any malfunction or unexpected behavior during use, cease operation immediately and consult a qualified gunsmith.

## Instructions for Installation and Usage

### 1. Preparation

- Gather necessary tools: a screwdriver and any additional tools recommended by the firearm's manufacturer.
- Ensure the firearm is unloaded and the barrel is pointed in a safe direction.

### 2. Installation Steps

- Remove the bolt from the Ruger 10/22 by following the manufacturer's instructions.
- Carefully remove the old extractor and spring from the bolt assembly.
- Install the new extractor by aligning it correctly with the bolt assembly.
- Insert the new spring into the designated position, ensuring it is seated properly.
- Reassemble the bolt and ensure all components are secure.

### 3. Usage

- Test the installation by cycling the bolt to ensure proper operation.
- Load the firearm and conduct a function check in a safe environment.
- Monitor the performance during use and be aware of any signs of malfunction.

## **Disposal Instructions**

- Dispose of any old or damaged components in accordance with local regulations.
- Ensure that all materials are disposed of in a manner that does not pose a risk to the environment or public safety.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of this product, please refer to the manufacturer's support channels. Ensure you have the product details and any relevant information ready for assistance.

Thank you for your attention to these safety instructions. Your safety and the safety of others is our top priority. Enjoy the enhanced performance of your Ruger 10/22 with the Kidd Innovative Design Extractor and Spring Replacement.
