

ADJUSTABLE TRIGGER FOR GLOCK® - TYRANT CNC ITTS TRIGGER FOR GLOCK 43/43X/48 BLK/BLK SCREW

[Handgun Parts](#) > [Trigger Group Parts](#) > [Trigger Parts](#) > [Triggers](#)

Experience the fastest resetting trigger on the market when you add the I.T.T.S. aka Improved Tyrant Trigger System for the Glock 43, 43x, 48 to your arsenal. This powerful trigger for the compact frame Glock platforms is equipped with high-performing features, making for an ultra-effective tool with a greater level of efficiency and precision than other standard carry triggers.

Aggressive Trigger Resets Launch a rapid-fire session at any time with the Glock 43/43x/48 compatible trigger's superior trigger resets. The I.T.T.S. is armed with a 30 percent power spring to ensure lightning-fast resets after every shot. When this power spring is in use, the trigger and the sear become re-engaged and you can fire the pistol again with full force. Overall, the I.T.T.S. boasts a stronger reset over other standard triggers, making it one of the best performing Glock triggers that you can find. Optimize every shot you take with the precision, efficiency and durability of the I.T.T.S. Trigger for the Glock 43, 43x, or 48.

Flat Faced Trigger Features Get the most out of your Glock 43, 43x, 48 trigger with this high-performing hybrid model. The Tyrant Designs CNC I.T.T.S. is a cross between a curved trigger and a flat faced trigger, letting you enjoy the best of both worlds. With help from flat faced features, their Glock trigger helps ensure a uniform trigger pull with every shot.

Curved Trigger Features Reap the benefits of a curved trigger along with a flat faced trigger when you use their Glock compatible trigger. This trigger is intentionally designed with some of the best elements of a curved trigger to make every shot as efficient and direct as possible. One of the most notable benefits of the I.T.T.S. ergonomic design. Because this Glock compatible trigger is highly influenced by the setup of a curved trigger, the trigger's lip has an enhanced curve feature that helps create consistency on initial and follow up shots. Additionally, you have the opportunity to benefit from the comfortable, intuitive setup of the I.T.T.S. The curved features of this product allow for a taller trigger, which helps provide a greater sense of comfort for users with larger hands.

High Durability Enjoy your Glock 43 / 43x / 48 trigger for years to come with help from its highly durable design. Every feature of this product is built to ensure that it lasts for an extended period of time, even with continued use. The I.T.T.S. is also made with set screws in lieu of pins to boost the strength and sturdiness of the trigger. Not only do these screws improve the overall performance of the product, but they also simplify every step of the maintenance process for optimal ease of use.

Platform: Glock Designed For Models: G43, G43X, G48

Safety Instruction Guide for ADJUSTABLE TRIGGER WITH TRIGGER BAR FOR GLOCK® TYRANT CNC ITTS TRIGGER FOR GLOCK 43/43X/48 BLK/BLK SCREW

Introduction

Thank you for choosing the ADJUSTABLE TRIGGER WITH TRIGGER BAR FOR GLOCK® TYRANT CNC ITTS TRIGGER. This product is designed to enhance the performance of your Glock firearm, providing improved efficiency and precision. It is crucial to follow the safety guidelines outlined in this manual to ensure safe usage and maintenance.

General Safety Guidelines

- Always handle firearms and accessories with care and respect.
- Ensure that the firearm is unloaded before installing or adjusting the trigger.
- Keep the trigger and all firearm components out of reach of children and unauthorized users.
- Regularly inspect the trigger for any signs of wear or damage.
- Follow all local laws and regulations regarding firearm modifications and usage.
- Report any unsafe product experiences to the appropriate authorities.

Specific Safety Precautions for Use

• Potential Hazards:

- Improper installation may lead to malfunction or accidental discharge.
- Use of incompatible parts may compromise the safety and performance of your firearm.

• Instructions for Avoiding Hazards:

- Only use this trigger with Glock models G43, G43X, and G48.
- Ensure that all screws are properly tightened to prevent any movement during use.
- Do not modify the trigger beyond the manufacturer's specifications.
- Always perform a function check after installation to ensure proper operation.

• AgeSpecific Warnings:

- This product is intended for use by individuals aged 18 and older.
- Ensure that all users are trained in firearm safety and handling.

Instructions for Installation and Usage

1. Installation Steps:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the slide and frame from the Glock.
- Remove the existing trigger by unscrewing and detaching it from the frame.
- Align the new I.T.T.S. trigger with the trigger bar and attach it using the provided screws.
- Tighten the screws securely but avoid overtightening, which may damage the trigger.

2. Usage Instructions:

- After installation, perform a function check:
 - Ensure that the trigger resets properly after each pull.
 - Check for smooth operation without any binding or resistance.
- Practice safe handling and shooting techniques at all times.
- Regularly clean and maintain the trigger to ensure optimal performance.

Disposal Instructions

- Dispose of any packaging materials in accordance with local recycling regulations.
- If the trigger becomes damaged beyond repair, dispose of it in a manner that prevents unauthorized use.
- Follow local laws for disposal of firearm accessories.

Contact Information for Further Support

For any inquiries regarding the installation, usage, or maintenance of the ADJUSTABLE TRIGGER WITH TRIGGER BAR FOR GLOCK® TYRANT CNC ITTS TRIGGER, please refer to the manufacturer's website or contact their customer support for assistance.

By following these guidelines, you will ensure the safe and effective use of your new trigger. Always prioritize safety and responsible firearm handling.
