

ADJUSTABLE TRIGGER FOR GLOCK® - TYRANT CNC ITTS TRIGGER FOR GLOCK 43/43X/48 BLK/GLD SCREW

[Handgun Parts](#) > [Trigger Group Parts](#) > [Trigger Parts](#) > [Triggers](#)

Experience the fastest resetting trigger on the market when you add the I.T.T.S. aka Improved Tyrant Trigger System for the Glock 43, 43x, 48 to your arsenal. This powerful trigger for the compact frame Glock platforms is equipped with high-performing features, making for an ultra-effective tool with a greater level of efficiency and precision than other standard carry triggers.

Aggressive Trigger Resets Launch a rapid-fire session at any time with the Glock 43/43x/48 compatible trigger's superior trigger resets. The I.T.T.S. is armed with a 30 percent power spring to ensure lightning-fast resets after every shot. When this power spring is in use, the trigger and the sear become re-engaged and you can fire the pistol again with full force. Overall, the I.T.T.S. boasts a stronger reset over other standard triggers, making it one of the best performing Glock triggers that you can find. Optimize every shot you take with the precision, efficiency and durability of the I.T.T.S. Trigger for the Glock 43, 43x, or 48.

Flat Faced Trigger Features Get the most out of your Glock 43, 43x, 48 trigger with this high-performing hybrid model. The Tyrant Designs CNC I.T.T.S. is a cross between a curved trigger and a flat faced trigger, letting you enjoy the best of both worlds. With help from flat faced features, their Glock trigger helps ensure a uniform trigger pull with every shot.

Curved Trigger Features Reap the benefits of a curved trigger along with a flat faced trigger when you use their Glock compatible trigger. This trigger is intentionally designed with some of the best elements of a curved trigger to make every shot as efficient and direct as possible. One of the most notable benefits of the I.T.T.S. ergonomic design. Because this Glock compatible trigger is highly influenced by the setup of a curved trigger, the trigger's lip has an enhanced curve feature that helps create consistency on initial and follow up shots. Additionally, you have the opportunity to benefit from the comfortable, intuitive setup of the I.T.T.S. The curved features of this product allow for a taller trigger, which helps provide a greater sense of comfort for users with larger hands.

High Durability Enjoy your Glock 43 / 43x / 48 trigger for years to come with help from its highly durable design. Every feature of this product is built to ensure that it lasts for an extended period of time, even with continued use. The I.T.T.S. is also made with set screws in lieu of pins to boost the strength and sturdiness of the trigger. Not only do these screws improve the overall performance of the product, but they also simplify every step of the maintenance process for optimal ease of use.

Platform: Glock Designed For Models: G43, G43X, G48

Safety Instruction Guide for Adjustable Trigger with Trigger Bar for Glock® Tyrant CNC ITTS Trigger

Introduction

Thank you for choosing the Adjustable Trigger with Trigger Bar for Glock® Tyrant CNC ITTS Trigger. This product is designed to enhance your shooting experience while ensuring safety during use. Please read this safety instruction guide carefully to understand the proper handling, installation, and maintenance of your trigger.

General Safety Guidelines

- Always treat the firearm as if it is loaded, even if you believe it to be unloaded.
- Store the trigger and firearm in a secure location, out of reach of children and unauthorized users.
- Inspect the trigger and firearm for any signs of damage or wear before each use.
- Follow all local laws and regulations regarding firearm use and ownership.
- Use only compatible Glock models (G43, G43X, G48) as specified in the product description.
- Always wear appropriate eye and ear protection when handling firearms.
- Be aware of your surroundings and ensure a safe shooting environment.

Specific Safety Precautions for Use

- Ensure the firearm is pointed in a safe direction at all times during installation and use.
- Do not modify the trigger or any other components of the firearm beyond the manufacturer's specifications.
- Be cautious of the trigger's sensitivity; unintended discharges may occur if mishandled.
- Avoid using the trigger in wet or damp conditions, as moisture may affect performance.
- If you experience any malfunctions or irregularities during use, cease operation immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

Installation

1. Ensure the firearm is unloaded and pointed in a safe direction.
2. Remove the existing trigger from your Glock model following the manufacturer's instructions.
3. Align the Adjustable Trigger with Trigger Bar for Glock® Tyrant CNC ITTS Trigger with the trigger housing.
4. Secure the trigger in place using the provided set screws, ensuring a snug fit.
5. Test the trigger functionality by performing dry fire exercises without ammunition to ensure proper installation.

Usage

- Begin with a firm grip on the firearm, ensuring your fingers are clear of the trigger until ready to shoot.
- Take aim at your target, ensuring that you are in a safe shooting position.
- Gently squeeze the trigger to fire. The I.T.T.S. trigger allows for rapid resets, enabling quick followup shots.
- After firing, maintain control of the firearm and observe your surroundings before reloading or making adjustments.

Disposal Instructions

- Dispose of the trigger in accordance with local regulations regarding electronic waste and firearm accessories.
- If the product is damaged or no longer usable, ensure it is rendered inoperable to prevent misuse before disposal.

Contact Information for Further Support

For any inquiries or concerns regarding the Adjustable Trigger with Trigger Bar for Glock® Tyrant CNC ITTS Trigger, please refer to the manufacturer's website or contact their support team for assistance.

By following these safety instructions, you can ensure a safer and more enjoyable experience with your Adjustable Trigger for Glock. Always prioritize safety and responsible handling of firearms.
