Experience the fastest resetting trigger on the market when you add the I.T.T.S. aka Improved Tyrant Trigger System for the Glock 43, 43x, 48 to your arsenal. This powerful trigger for the compact frame Glock platforms is equipped with high-performing features, making for an ultra-effective tool with a greater level of efficiency and precision than other standard carry triggers. **Aggressive Trigger Resets** Launch a rapid-fire session at any time with the Glock 43/43x/48 compatible trigger's superior trigger resets. The I.T.T.S. is armed with a 30 percent power spring to ensure lightning-fast resets after every shot. When this power spring is in use, the trigger and the sear become re-engaged and you can fire the pistol again with full force. Overall, the I.T.T.S. boasts a stronger reset over other standard triggers, making it one of the best performing Glock triggers that you can find. Optimize every shot you take with the precision, efficiency and durability of the I.T.T.S. Trigger for the Glock 43, 43x, or 48. **Flat Faced Trigger Features** Get the most out of your Glock 43, 43x, 48 trigger with this high-performing hybrid model. The Tyrant Designs CNC I.T.T.S. is a cross between a curved trigger and a flat faced trigger, letting you enjoy the best of both worlds. With help from flat faced features, their Glock trigger helps ensure a uniform trigger pull with every shot. **Curved Trigger Features** Reap the benefits of a curved trigger along with a flat faced trigger when you use their Glock compatible trigger. This trigger is intentionally designed with some of the best elements of a curved trigger to make every shot as efficient and direct as possible. One of the most notable benefits of the I.T.T.S. ergonomic design. Because this Glock compatible trigger is highly influenced by the setup of a curved trigger, the trigger's lip has an enhanced curve feature that helps create consistency on initial and follow up shots. Additionally, you have the opportunity to benefit from the comfortable, intuitive setup of the I.T.T.S. The curved features of this product allow for a taller trigger, which helps provide a greater sense of comfort for users with larger hands. **High Durability** Enjoy your Glock 43 / 43x / 48 trigger for years to come with help from its highly durable design. Every feature of this product is built to ensure that it lasts for an extended period of time, even with continued use. The I.T.T.S. is also made with set screws in lieu of pins to boost the strength and sturdiness of the trigger. Not only do these screws improve the overall performance of the product, but they also simplify every step of the maintenance process for optimal ease of use. **Platform:** Glock **Designed For Models:** G43, G43X, G48 **Glock Generation:** Generation 3, Generation 4, Generation 5, Crossover
