

# MAGWELL FOR GLOCK® 43X/48 - TYRANT CNC MAGWELL FOR GLOCK 43X/48 BLACK

[Handgun Parts](#) > [Frame Parts](#) > [Magazine Wells](#)

Guide your loaded magazine smoothly and quickly into the Glock pistol's grip with the sleek Glock 43x/48 Magwell from Tyrant Designs. Made of 6061 aluminum, and sporting a patent-pending design for the method of attachment, these carefully designed magwells make it so easy that with just a little practice you can load a fresh magazine without ever looking at the pistol. Win competitions or defend yourself better with those added seconds. Works with S15 magazine AND most aftermarket extensions! Increase your reloading speed In a competition, it can come down to microseconds. Speed is essential, no matter what the scenario, especially the time-lapse between magazine changes. The enhanced ergonomics of their Glock 43x/48 Magwell will increase your loading speeds. Forward relief cuts provide comfort, and an aggressive funnel ensures your reloads will be quick and successful. You'll never fumble a magazine change again. In emergency situations, fumbles are the difference between life and death. In those events, these microseconds are even more important, and you never want to question if being faster might help in a self-defense scenario. How it all works The magwell attaches using an expanding rubber grommet. This grommet goes inside the small opening inside the bottom of your Glock 43x/48. A few twists of the provided screw and the magwell is on secure, and will remain so over time! The magwell itself flairs out to create a wider opening to guide the magazine into the firearm. Shaped like a funnel, it cuts down on the fumbling and the need for an exact aim to get the magazine into the firearm. Less fumbling equals faster reload speed. Their Glock magwells for the Glock 43x/48 line also improve magazine change consistency. Designed to improve reloads Made of high-quality aluminum, these Glock 43x/48 Magwells provide weight to help improve your reloads. This weight also provides balance for your Glock. Never lose parts again with this one-piece design. Retention is more comfortable with a set screw, which is made of anodized aluminum. Functionality and retention are ensured by the underside cuts. Removal of faulty or stuck magazines will never be a problem because of ramp and edge geometry. Magwells made to fit Glock 43x and Glock 48 Designed to work on all, these Glock Magwells offer the tightest fit in the industry. Their Glock magwell is specifically made for the 43x/48 Model and has a patented method for attachment. Perfect for everyday carry The design of these Glock Magwells allows them to be perfect for competition, yet still sleek enough for every day. Because of the high-quality aluminum used, they add little bulk, which means they can still be used for concealed carry. The ergonomic design on these magwells for the Glock 43x/48 also means very little imprinting on your clothes so no one will ever know you are carrying unless you want them to. If you want to ramp up your magazine change speed, cut down on fumbles, or improve your overall consistency, these Glock Magwells are the way to go. You'll never worry about those precious seconds spent making magazine change again."

## Attributes

- Name: [TYRANT CNC MAGWELL FOR GLOCK 43X/48 BLACK](#)

# Safety Instruction Guide for MAGWELL FOR GLOCK® 43X/48 TYRANT CNC MAGWELL

## Introduction

Thank you for choosing the MAGWELL FOR GLOCK® 43X/48 by Tyrant CNC. This product is designed to enhance your reloading speed and improve your shooting experience. However, it is important to use this product safely and responsibly. This guide provides essential safety information, installation instructions, and proper usage guidelines to ensure your safety and satisfaction.

## General Safety Guidelines

- Always treat all firearms and accessories as if they are loaded.
- Ensure that you are familiar with your firearm's operation and safety features before using the magwell.
- Use only compatible magazines with the Glock 43X/48 magwell.
- Regularly inspect the magwell for any signs of wear or damage before each use.
- Keep the magwell and the firearm clean and free from debris to ensure proper function.
- Store the product and firearm in a secure location, away from children and unauthorized users.
- In case of any malfunction or abnormal operation, discontinue use immediately and seek assistance.

## Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before installing or removing the magwell.
- Follow the manufacturer's instructions for installation carefully to avoid improper attachment.
- Be aware of your surroundings when practicing or using your firearm to avoid accidents.
- Do not force the magazine into the magwell; ensure it is aligned properly for smooth operation.
- Use the magwell only for its intended purpose and avoid modifications that may compromise safety.
- Wear appropriate eye and ear protection when using firearms.

## Instructions for Installation and Usage

### Installation

1. **Prepare the Firearm:**
  - Ensure the Glock 43X/48 is unloaded and pointed in a safe direction.
2. **Attach the Magwell:**
  - Locate the small opening at the bottom of the grip.
  - Insert the provided expanding rubber grommet into the opening.
  - Use the provided screw to secure the magwell in place by twisting it until snug. Do not overtighten.
3. **Check Stability:**
  - Ensure the magwell is securely attached and does not wobble.

### Usage

- To load a magazine, align it with the magwell opening.
- Push the magazine into the magwell until it clicks into place.
- Practice reloading with the magwell to familiarize yourself with the enhanced ergonomics.

## Disposal Instructions

- Dispose of any packaging materials responsibly by recycling where possible.
- If the magwell is damaged or no longer usable, follow local regulations for the disposal of aluminum products.

- Do not throw the product away in regular trash; check for recycling facilities in your area.

## **Contact Information for Further Support**

For any questions or concerns regarding the MAGWELL FOR GLOCK® 43X/48, please refer to the manufacturer's website or contact their customer service for assistance. It is important to have access to support for any safety inquiries or productrelated issues.

## **Conclusion**

Using the MAGWELL FOR GLOCK® 43X/48 by Tyrant CNC can significantly enhance your shooting experience when used properly. By following the safety guidelines and instructions outlined in this guide, you can ensure a safe and enjoyable experience with your firearm. Always prioritize safety and responsibility in all your shooting activities.
