

# MAGWELL FOR GLOCK® 43X/48 - TYRANT CNC MAGWELL FOR GLOCK 43X/48 BLUE

[Handgun Parts](#) > [Frame Parts](#) > [Magazine Wells](#)

Guide your loaded magazine smoothly and quickly into the Glock pistol's grip with the sleek Glock 43x/48 Magwell from Tyrant Designs. Made of 6061 aluminum, and sporting a patent-pending design for the method of attachment, these carefully designed magwells make it so easy that with just a little practice you can load a fresh magazine without ever looking at the pistol. Win competitions or defend yourself better with those added seconds. Works with S15 magazine AND most aftermarket extensions! Increase your reloading speed In a competition, it can come down to microseconds. Speed is essential, no matter what the scenario, especially the time-lapse between magazine changes. The enhanced ergonomics of their Glock 43x/48 Magwell will increase your loading speeds. Forward relief cuts provide comfort, and an aggressive funnel ensures your reloads will be quick and successful. You'll never fumble a magazine change again. In emergency situations, fumbles are the difference between life and death. In those events, these microseconds are even more important, and you never want to question if being faster might help in a self-defense scenario. How it all works The magwell attaches using an expanding rubber grommet. This grommet goes inside the small opening inside the bottom of your Glock 43x/48. A few twists of the provided screw and the magwell is on secure, and will remain so over time! The magwell itself flairs out to create a wider opening to guide the magazine into the firearm. Shaped like a funnel, it cuts down on the fumbling and the need for an exact aim to get the magazine into the firearm. Less fumbling equals faster reload speed. Their Glock magwells for the Glock 43x/48 line also improve magazine change consistency. Designed to improve reloads Made of high-quality aluminum, these Glock 43x/48 Magwells provide weight to help improve your reloads. This weight also provides balance for your Glock. Never lose parts again with this one-piece design. Retention is more comfortable with a set screw, which is made of anodized aluminum. Functionality and retention are ensured by the underside cuts. Removal of faulty or stuck magazines will never be a problem because of ramp and edge geometry. Magwells made to fit Glock 43x and Glock 48 Designed to work on all, these Glock Magwells offer the tightest fit in the industry. Their Glock magwell is specifically made for the 43x/48 Model and has a patented method for attachment. Perfect for everyday carry The design of these Glock Magwells allows them to be perfect for competition, yet still sleek enough for every day. Because of the high-quality aluminum used, they add little bulk, which means they can still be used for concealed carry. The ergonomic design on these magwells for the Glock 43x/48 also means very little imprinting on your clothes so no one will ever know you are carrying unless you want them to. If you want to ramp up your magazine change speed, cut down on fumbles, or improve your overall consistency, these Glock Magwells are the way to go. You'll never worry about those precious seconds spent making magazine change again."

## Attributes

- Name: [TYRANT CNC MAGWELL FOR GLOCK 43X/48 BLUE](#)

# Safety Instruction Guide for MAGWELL FOR GLOCK® 43X/48 TYRANT CNC MAGWELL

## Introduction

Thank you for choosing the MAGWELL FOR GLOCK® 43X/48 from Tyrant CNC. This guide provides essential safety instructions and guidelines to ensure the safe use of this product. Please read this document carefully before installation and usage.

## General Safety Guidelines

- Ensure safe handling of the magwell and your Glock pistol at all times.
- Always treat your firearm as if it is loaded, even if you believe it to be unloaded.
- Keep the magwell and firearm out of reach of children and unauthorized users.
- Be aware of your surroundings when handling firearms to prevent accidents.
- Regularly inspect the magwell for any signs of wear or damage before use.
- Report any unsafe products or incidents to the relevant authorities immediately.

## Specific Safety Precautions for Use

- Always use the magwell with compatible Glock models: 43X and 48.
- Do not attempt to modify the magwell or firearm in any way that is not recommended by the manufacturer.
- Ensure that the magwell is securely attached before attempting to load or unload magazines.
- Avoid using force when loading magazines; if resistance is encountered, check the alignment of the magwell.
- In emergency situations, prioritize safety over speed; take the time to ensure proper handling.

## Instructions for Installation and Usage

### Installation

1. **Locate the Grommet:** Identify the expanding rubber grommet that comes with the magwell.
2. **Insert the Grommet:** Place the grommet inside the small opening at the bottom of your Glock 43X/48.
3. **Attach the Magwell:** Align the magwell with the grommet and twist the provided screw to secure it in place. Ensure it is tight but do not overtighten.
4. **Check Stability:** Gently pull on the magwell to ensure it is securely attached and will not come loose during use.

### Usage

- To load a magazine, position it at the base of the magwell and push it gently into the grip of the Glock.
- The funnel shape of the magwell will guide the magazine into place, allowing for quick and efficient loading.
- Practice loading and unloading the magazine to become familiar with the magwell's functionality.
- In a competition or selfdefense scenario, maintain focus and avoid distractions to ensure safe handling.

## Disposal Instructions

- Dispose of the magwell in accordance with local regulations.
- If the magwell is damaged, do not attempt to repair it. Instead, dispose of it responsibly.
- Recycle materials where possible, especially aluminum components.

## **Contact Information for Further Support**

For any questions or concerns regarding the MAGWELL FOR GLOCK® 43X/48, please refer to the manufacturer's website or contact their customer support directly.

By following these safety instructions and guidelines, you can ensure safe and effective use of your MAGWELL FOR GLOCK® 43X/48. Thank you for prioritizing safety in your firearm handling practices.
