

# MAGWELL FOR GLOCK® 43X/48 - TYRANT CNC MAGWELL FOR GLOCK 43X/48 ALUMINUM

[Handgun Parts](#) > [Frame Parts](#) > [Magazine Wells](#)

Guide your loaded magazine smoothly and quickly into the Glock pistol's grip with the sleek Glock 43x/48 Magwell from Tyrant Designs. Made of 6061 aluminum, and sporting a patent-pending design for the method of attachment, these carefully designed magwells make it so easy that with just a little practice you can load a fresh magazine without ever looking at the pistol. Win competitions or defend yourself better with those added seconds. Works with S15 magazine AND most aftermarket extensions! Increase your reloading speed In a competition, it can come down to microseconds. Speed is essential, no matter what the scenario, especially the time-lapse between magazine changes. The enhanced ergonomics of their Glock 43x/48 Magwell will increase your loading speeds. Forward relief cuts provide comfort, and an aggressive funnel ensures your reloads will be quick and successful. You'll never fumble a magazine change again. In emergency situations, fumbles are the difference between life and death. In those events, these microseconds are even more important, and you never want to question if being faster might help in a self-defense scenario. How it all works The magwell attaches using an expanding rubber grommet. This grommet goes inside the small opening inside the bottom of your Glock 43x/48. A few twists of the provided screw and the magwell is on secure, and will remain so over time! The magwell itself flairs out to create a wider opening to guide the magazine into the firearm. Shaped like a funnel, it cuts down on the fumbling and the need for an exact aim to get the magazine into the firearm. Less fumbling equals faster reload speed. Their Glock magwells for the Glock 43x/48 line also improve magazine change consistency. Designed to improve reloads Made of high-quality aluminum, these Glock 43x/48 Magwells provide weight to help improve your reloads. This weight also provides balance for your Glock. Never lose parts again with this one-piece design. Retention is more comfortable with a set screw, which is made of anodized aluminum. Functionality and retention are ensured by the underside cuts. Removal of faulty or stuck magazines will never be a problem because of ramp and edge geometry. Magwells made to fit Glock 43x and Glock 48 Designed to work on all, these Glock Magwells offer the tightest fit in the industry. Their Glock magwell is specifically made for the 43x/48 Model and has a patented method for attachment. Perfect for everyday carry The design of these Glock Magwells allows them to be perfect for competition, yet still sleek enough for every day. Because of the high-quality aluminum used, they add little bulk, which means they can still be used for concealed carry. The ergonomic design on these magwells for the Glock 43x/48 also means very little imprinting on your clothes so no one will ever know you are carrying unless you want them to. If you want to ramp up your magazine change speed, cut down on fumbles, or improve your overall consistency, these Glock Magwells are the way to go. You'll never worry about those precious seconds spent making magazine change again."

## Attributes

- Name: [TYRANT CNC MAGWELL FOR GLOCK 43X/48 ALUMINUM](#)

# Safety Instruction Guide for MAGWELL FOR GLOCK® 43X/48 TYRANT CNC MAGWELL

## Introduction

Thank you for choosing the MAGWELL FOR GLOCK® 43X/48 by Tyrant CNC. This product is designed to enhance your reloading speed and improve your overall shooting experience. To ensure your safety and the proper use of this product, please read this guide carefully before installation and use.

## General Safety Guidelines

- Always handle your firearm with care and follow all safety protocols.
- Ensure that your firearm is unloaded before installing or using the magwell.
- Keep the magwell and firearm out of reach of children and unauthorized users.
- Regularly inspect the magwell for any signs of wear or damage.
- If you notice any issues, discontinue use immediately and contact a qualified professional.

## Specific Safety Precautions for Use

- Only use the MAGWELL FOR GLOCK® 43X/48 with compatible Glock models: 43X and 48.
- Do not modify the magwell in any way, as this may compromise its safety and functionality.
- Ensure that the magwell is securely attached before using your firearm.
- Use only recommended magazines and aftermarket extensions to avoid malfunction.
- In emergency situations, practice proper magazine change techniques to minimize fumbles.

## Instructions for Installation and Usage

### 1. Installation Steps:

- Ensure your Glock 43X/48 is unloaded.
- Locate the small opening at the bottom of the grip.
- Insert the expanding rubber grommet into this opening.
- Use the provided screw to secure the magwell in place by twisting it until tight.
- Ensure the magwell is firmly attached and does not move.

### 2. Using the Magwell:

- Hold your Glock firmly in one hand.
- With the other hand, guide the magazine into the magwell's funnelshaped opening.
- Ensure that the magazine is fully seated before attempting to fire.
- Practice magazine changes in a safe environment to become proficient.

## Disposal Instructions

- Dispose of the MAGWELL FOR GLOCK® 43X/48 in accordance with local regulations.
- Do not dispose of the magwell in fire, as it may release harmful substances.
- If you are discarding the product, ensure it is no longer usable to prevent accidental misuse.

## Contact Information for Further Support

For any inquiries regarding safety, installation, or usage, please refer to the manufacturer's contact details provided in the product packaging or user manual.

## Conclusion

By following these safety instructions, you can ensure a safe and efficient experience with your MAGWELL FOR GLOCK® 43X/48. Always prioritize safety and responsible firearm use. Thank you for your attention to these important guidelines.
