Safety Instruction Guide for Ed Brown 1911 9MM Luger Flat Wire Recoil Spring System

Introduction

Thank you for choosing the Ed Brown 1911 9MM Luger Flat Wire Recoil Spring System. This product is designed to enhance the performance of your handgun. To ensure safe and effective use, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Store firearms and ammunition in a secure location, out of reach of children and unauthorized users.
- Ensure you are familiar with the operation of your handgun and this recoil spring system before use.
- Always wear appropriate safety gear, including eye and ear protection, when using firearms.
- Regularly inspect your firearm and accessories for wear or damage.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Do not exceed the recommended round count for spring replacement (30,000/40,000 rounds).
- Ensure the recoil spring system is compatible with your specific model of 1911 before installation.
- Avoid using ammunition that is not recommended for your firearm.
- Do not attempt to modify the recoil spring system or any part of your handgun.
- Keep fingers and other body parts away from the ejection port and muzzle while handling the firearm.

Instructions for Installation and Usage

1. Preparation

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather all necessary tools for installation, including a punch and hammer.

2. Disassembly of the Firearm

- Remove the magazine and ensure the chamber is empty.
- Follow the manufacturer's instructions for disassembling your 1911 handgun.

3. Installation of the Recoil Spring System

- Remove the existing recoil spring and guide rod from the firearm.
- Insert the new stainless steel guide rod into the recoil spring housing.
- Attach the chrome silicon flat wire spring to the guide rod and ensure it is seated properly.
- Replace the plug securely.

4. Reassembly of the Firearm

- Follow the manufacturer's instructions to reassemble your 1911 handgun.
- Ensure all components are properly aligned and secured.

5. Testing

- After installation, conduct a function test in a safe environment to ensure proper operation.

- Check for any unusual sounds or malfunctions during operation.

Disposal Instructions

- Dispose of old recoil springs and guide rods in accordance with local regulations.
- Do not dispose of any firearm components in regular household waste.
- Consider recycling options for metal components.

Contact Information for Further Support

For any inquiries or support related to the Ed Brown 1911 9MM Luger Flat Wire Recoil Spring System, please refer to the manufacturer's contact information provided with your product packaging.

By following these safety instructions, you can ensure a safer and more enjoyable shooting experience with your Ed Brown 1911 9MM Luger Flat Wire Recoil Spring System. Thank you for your attention to safety.
