# Safety Instruction Guide for the 1911 9MM Luger Flat Wire Recoil Spring System

## Introduction

Thank you for choosing the Ed Brown 1911 9MM Luger Flat Wire Recoil Spring System. This product is designed to enhance the performance of your handgun. However, it is essential to follow the safety guidelines and instructions outlined in this guide to ensure safe and effective use.

## General Safety Guidelines

- Ensure that all firearms are treated as if they are loaded at all times.
- Store the recoil spring system and all firearms in a secure location, out of reach of children and unauthorized users.
- Always wear appropriate personal protective equipment, such as safety glasses, when handling firearms.
- Inspect the recoil spring system and your firearm regularly for signs of wear or damage.
- If you experience any issues or malfunctions, cease use immediately and consult a qualified gunsmith.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Always follow the manufacturer's instructions when installing or using the recoil spring system.
- Do not exceed the recommended spring replacement interval of 30,000/40,000 rounds.
- Ensure that the firearm is unloaded before installing or removing the recoil spring system.
- Avoid using ammunition that is not compatible with your firearm or the recoil spring system.
- Be aware of the potential for increased cycling speed with flat wire springs; practice safe handling to mitigate risks.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure your firearm is unloaded and pointed in a safe direction.
- Gather necessary tools for installation, including a punch and a hammer.

### 2. Disassembly:

- Remove the slide from the frame of the firearm according to the manufacturer's instructions.
- Use a punch to remove the old recoil spring and guide rod.

### 3. Installation:

- Insert the stainless steel guide rod into the slide.
- Place the chrome silicon flat wire spring onto the guide rod.
- Ensure the spring is seated correctly and securely.
- Install the plug at the end of the guide rod.

### 4. Reassembly:

- Reattach the slide to the frame of the firearm.
- Perform a function check to ensure the firearm operates correctly.

### 5. Usage:

- When using the firearm, maintain awareness of your surroundings and follow all safety protocols.
- Regularly check the recoil spring for wear and replace as needed.

## **Disposal Instructions**

- Dispose of the recoil spring system in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Contact local waste management authorities for guidance on proper disposal methods.

## **Contact Information for Further Support**

For any inquiries or concerns regarding the safety and usage of the Ed Brown 1911 9MM Luger Flat Wire Recoil Spring System, please refer to the manufacturer's website or contact their customer support. All products must have an EUbased contact for safety inquiries.

By following these guidelines, you can ensure safe and effective use of your Ed Brown recoil spring system. Thank you for prioritizing safety!
