

# **ENHANCED CARBINE BUTTSTOCK LOCK PLATE W/QD ATTACHMENT**

## **- J P ENTERPRISES ENHANCED CARBINE BUTTSTOCK LOCK PLATE W/QD ATTACHMENT**

[Rifle Parts](#) > [Receiver Parts](#) > [Buffer Tube Parts](#) > [Buffer Tube Hardware](#)

JP-SPEC comes to your carbine stock with this improved lock plate design. Manufactured from heat-treated billet steel, JP's plate also includes a QD attachment and cosmetic improvements that both enhance the overall appearance and eliminate the sharp edges of the Mil-spec part. Pair this with their matching castle nut for a sleek upgrade package.

# Safety Instruction Guide for Enhanced Carbine Buttstock Lock Plate with QD Attachment

## Introduction

Thank you for choosing the Enhanced Carbine Buttstock Lock Plate with QD Attachment from J P Enterprises. This product is designed to improve the functionality and aesthetics of your carbine stock. Please read this safety instruction guide carefully to ensure safe and proper use of the product in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure that the product is installed and used according to the instructions provided.
- Always inspect the product for any signs of damage or wear before use.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Installation Safety:** Ensure that you are using appropriate tools and follow the installation instructions carefully.
- **Handling:** Handle the lock plate with care to avoid injury from sharp edges.
- **Compatibility:** Verify that this product is compatible with your specific carbine model before installation.
- **Usage:** Do not exceed the recommended load limits for your carbine stock.
- **Maintenance:** Regularly check the lock plate for any signs of wear or damage and replace it if necessary.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather necessary tools: a wrench and any other tools specified in the product manual.
- Ensure your workspace is clean and free of clutter.

### 2. Installation Steps:

- Remove the existing buttstock lock plate from your carbine if applicable.
- Align the Enhanced Carbine Buttstock Lock Plate with the mounting holes on your carbine stock.
- Secure the lock plate using the provided screws and tighten them with a wrench. Ensure the lock plate is firmly in place.
- Attach the QD sling mount if not already installed.

### 3. Usage:

- Once installed, test the lock plate by applying moderate pressure to ensure it is securely fastened.
- Use the QD attachment to connect your sling, ensuring it clicks into place and is secure.

### 4. PostInstallation Check:

- After installation, perform a visual inspection of the lock plate and surrounding areas for any signs of misalignment or damage.
- Conduct a functional test of the carbine stock to ensure everything operates smoothly.

## **Disposal Instructions**

- Dispose of any packaging materials in accordance with local recycling regulations.
- If the product becomes damaged or is no longer in use, dispose of it responsibly. Follow local guidelines for the disposal of metal and plastic materials.

## **Contact Information for Further Support**

For any questions or concerns regarding the Enhanced Carbine Buttstock Lock Plate with QD Attachment, please contact the manufacturer directly through their official communication channels. Additionally, keep an eye on the EU's Safety Gate platform for any updates regarding product safety and recalls.

Thank you for choosing a quality product from J P Enterprises. Your safety is our priority, and we hope you enjoy the enhanced functionality and aesthetics of your carbine stock.
