AR15 Intermediate Buffer Kit for A5 Buffer System Safety Instructions

Introduction

Thank you for choosing the AR15 Intermediate Buffer Kit for the A5 Buffer System from Sons of Liberty Gun Works (SOLGW). This product is designed to enhance the performance of your firearm while ensuring safety during use. Please read this safety instruction guide carefully before installation and usage to ensure safe operation and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Keep the firearm pointed in a safe direction at all times.
- Ensure that you are in a safe environment and that you are legally allowed to possess and operate your firearm.
- Store your firearm and ammunition in a secure location, out of reach of children and unauthorized users.
- Familiarize yourself with local laws and regulations regarding firearm ownership and usage.
- Always wear appropriate safety gear, including eye and ear protection, when handling firearms.
- Regularly inspect your firearm and accessories for signs of wear or damage. If any issues are found, discontinue use immediately and seek professional assistance.
- Report any unsafe products or incidents to the relevant authorities.

Specific Safety Precautions for Use

- Ensure that the buffer kit is compatible with your firearm before installation.
- Only use the buffer kit with the specified A5 buffer system.
- Do not exceed the recommended weight limits for the buffer and spring.
- Avoid using the product if you notice any signs of damage or malfunction.
- Follow all manufacturer instructions regarding installation and usage to avoid potential hazards.
- Keep all components of the buffer kit away from children and pets.
- If you are unsure about any aspect of the installation or operation, consult a qualified gunsmith or firearms expert.

Instructions for Installation and Usage

Installation Steps

1. Preparation:

- Ensure your firearm is unloaded and in a safe condition before beginning installation.
- Gather all necessary tools and components, including the buffer kit, castle nut, and end plate.

2. Remove Existing Buffer System:

- Disassemble the stock and buffer tube assembly from your lower receiver.
- Carefully remove the existing buffer and spring.

3. Install the A5 Buffer Tube:

- Thread the A5 buffer tube into the lower receiver.
- Ensure it is securely fastened and aligned properly.

4. Insert the Buffer and Spring:

- Place the Sprinco rifle length Green Spring into the buffer tube.
- Insert the SOLGW/BCM T2 Buffer into the buffer tube, ensuring it is seated correctly.

5. Attach the Castle Nut and End Plate:

- Securely fasten the FCD CN5F Castle Nut onto the buffer tube.
- Install the B5 QD End Plate to complete the assembly.

6. Final Inspection:

- Check all components to ensure they are installed correctly and securely.
- Conduct a function check to ensure proper operation before use.

Usage Instructions

- Once installed, ensure that the buffer system operates smoothly during cycling.
- Regularly check the buffer kit for any signs of wear or damage during routine maintenance.
- Follow all safety protocols when handling and operating your firearm.

Disposal Instructions

- Dispose of the buffer kit in accordance with local regulations regarding firearm components and materials.
- Do not dispose of any parts in regular household waste.
- If in doubt, contact a local waste management authority for guidance on proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the AR15 Intermediate Buffer Kit for A5 Buffer System, please refer to the manufacturer's website or customer service for assistance. Always ensure that you have the latest information and updates regarding your product.

By following these safety instructions, you can ensure a safe and enjoyable experience with your AR15 Intermediate Buffer Kit for A5 Buffer System. Thank you for your attention to safety and compliance.
