ARMOR'S PUNCH SET SONS OF LIBERTY GUN WORKS ARMORER'S PUNCH 16 PIECE SET Safety Instructions

Introduction

Thank you for choosing the ARMOR'S PUNCH SET from SONS OF LIBERTY GUN WORKS. This product is designed to assist in gunsmithing tasks safely and effectively. Please read this safety instruction guide carefully to ensure safe and proper use of the product.

General Safety Guidelines

- Always read and understand the product's instructions before use.
- Ensure that you are using the punches in a welllit and organized workspace.
- Keep the workspace free from clutter to avoid accidents.
- Wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when using the tools.
- Store the punches in a secure location out of reach of children and unauthorized users.
- Regularly inspect the tools for any signs of damage or wear before use.
- Do not use any tools that are damaged or worn out; replace them immediately.

Specific Safety Precautions for Use

- Be aware of the potential hazards associated with the use of punches, including pinching, cutting, and impact injuries.
- Always use the correct punch for the specific task to avoid tool damage or personal injury.
- When using roll pin punches, ensure they are aligned correctly to prevent bending or breaking.
- Use the Pivot Pin Detent tool carefully to avoid sudden releases that can cause injury.
- When using the Bolt Catch Removal tool, ensure that the firearm is unloaded and pointed in a safe direction.
- Avoid using excessive force when striking the punches; this can lead to tool failure and accidents.
- Do not modify the punches or use them for purposes other than intended.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the workspace is clean and free from distractions.
- Gather all necessary tools and materials before beginning the task.

2. Using Flat Tip Punches:

- Select the appropriate flat tip punch (1/16", 1/8", or 5/16").
- Align the punch with the pin or component you are working on.
- Strike the punch gently with a hammer to drive the pin in or out as needed.

3. Using Roll Pin Starter Punches:

- Choose the correct size roll pin starter punch based on the pin you are working with (1/16", 5/64", 3/32", 1/8").
- Place the punch at the starting point of the roll pin.
- Gently tap the punch to start the roll pin insertion, ensuring it is straight.

4. Using Roll Pin Punches:

- Select the appropriate roll pin punch size.
- Align the punch with the roll pin and strike gently until the pin is fully seated.

5. Using Additional Tools:

- For the Pivot Pin Detent tool, carefully insert it into the detent hole and follow the specific instructions for your firearm.
- Use the Bolt Catch Removal tool as directed to safely remove or install the bolt catch.
- The nonmarking delrin utility tool can be used to manipulate parts without damaging surfaces.
- Use the S7 tool steel staking punches for staking steel receiver endplates as per your firearm's specifications.

Disposal Instructions

- Dispose of any damaged or worn tools in accordance with local regulations.
- Do not dispose of tools in regular household waste. Check for local recycling or hazardous waste disposal options.
- Ensure that tools are completely cleaned and free from any residues before disposal.

Contact Information for Further Support

For any inquiries regarding safety or product usage, please contact the manufacturer directly through the provided channels. Always keep the product manual and safety instructions for future reference.

Thank you for your attention to these safety guidelines. Your safety is our priority. Enjoy using the ARMOR'S PUNCH SET.
