SC2 Suppressor Protector2 Suppressor Case Safety Instruction Guide

Introduction

Thank you for choosing the MTM SC2 Suppressor Protector2 Suppressor Case. This guide provides essential safety instructions to ensure the safe use and handling of your suppressor case. Following these guidelines will help you maximize the protection of your suppressor while adhering to EU safety regulations.

General Safety Guidelines

- Always ensure that the suppressor is completely cool before placing it in the case.
- Inspect the case for any signs of damage before use. Do not use if damaged.
- Keep the case out of reach of children and vulnerable individuals.
- Store the case in a dry and cool environment to prevent degradation of materials.
- Regularly check for any updates on product recalls through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **HighHeat Foam Protection:** The interior foam is designed to protect hot suppressors. Ensure that the suppressor is not excessively hot to avoid potential burns when handling.
- **Rugged Construction:** While the case is built for durability, avoid dropping or subjecting it to extreme impacts.
- **DoubleLatch Closure:** Always ensure that the latches are securely closed during transport to prevent accidental opening.
- **Transport and Storage:** When transporting, ensure that the case is secured in your vehicle to avoid movement that could lead to damage.

Instructions for Installation and Usage

1. Preparing the Suppressor:

- Ensure the suppressor is completely cool before placing it in the case.
- Clean the suppressor if necessary to remove any debris or residues.

2. Using the Case:

- Open the case by releasing the doublelatch closure.
- Place the suppressor gently into the foam interior, ensuring it fits snugly.
- Close the case securely by fastening the doublelatch closure.

3. Transporting the Case:

- Carry the case using the designated handle.
- Avoid placing heavy objects on top of the case during transport.

4. Storing the Case:

- Store the case in a cool, dry place when not in use.
- Avoid exposing the case to direct sunlight or extreme temperatures.

Disposal Instructions

- Dispose of the case in accordance with local waste disposal regulations.
- If the case is damaged beyond repair, consider recycling materials if applicable.

Contact Information for Further Support

For any safety inquiries or concerns regarding the SC2 Suppressor Protector2 Suppressor Case, please reach out to the manufacturer or consult the EU contact point for safetyrelated information.

Thank you for following these safety instructions. Your adherence to these guidelines ensures a safer experience with your MTM SC2 Suppressor Protector2 Suppressor Case.
