## Soft, Genuine Sorbothane~

These pads don't just slow recoil down, they actually cut the kick dramatically by absorbing it! Made from soft, springy, Sorbothane, they end next-day-hurt, tame large caliber flinch and allow recoil-sensitive shooters to shoot in comfort. Won't ever bottom out. Grind and shape like regular pads, just don't allow heat to build up. 200 Series Dual Action Sporting Clays pad has two layers of Sorbothane for extra protection. The first layer reacts quickly to absorb initial recoil, while the second layer dissipates the remaining energy to maximize absorption. Heel is canted approximately 45° for easy shouldering from the "low gun" position. 300 Series All Purpose has a slightly concave face designed for all shooting applications. 300 Series Dual Action All Purpose pad combines the two-layer absorption properties of the 200 Series Dual Action pads with a flat back and downward-canted ends for easy shouldering in a wide variety shooting applications. 400 Series Trap has a more pronounced concave face than 300 Series for fixed-position trapshooting. 500 Series Magnum is designed for heavy recoiling guns and has a flat face and downward canted ends for easy shouldering. All pads feature solid sides, a black base, and leather-grain textured face.

# RECOIL PAD KICKEEZ LARGE 1/2" ALL PURPOSE PAD, BLACK Safety Instruction Guide

## Introduction

Thank you for choosing the RECOIL PAD KICKEEZ LARGE 1/2" ALL PURPOSE PAD, BLACK. This recoil pad is designed to enhance your shooting experience by significantly reducing recoil impact. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Ensure that the recoil pad is compatible with your firearm before installation.
- Always handle firearms responsibly and in accordance with local laws and regulations.
- Keep the recoil pad away from children and vulnerable individuals to prevent accidental use.
- Regularly inspect the recoil pad for wear and damage. Replace it if any defects are found.
- Do not expose the recoil pad to extreme heat or flames, as this may compromise its integrity.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Always wear appropriate eye and ear protection when shooting.
- Ensure that the firearm is unloaded when installing or adjusting the recoil pad.
- Do not allow heat to build up while grinding or shaping the recoil pad.
- Use the recoil pad only for its intended purpose; do not modify it beyond recommended specifications.
- Be aware of your surroundings and ensure a safe shooting environment.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather necessary tools for installation, including a screwdriver and any required mounting hardware.
- Ensure that your firearm is unloaded and in a safe position.

### 2. Installation:

- Remove the existing recoil pad from the firearm, if applicable.
- Align the KICKEEZ recoil pad with the mounting surface of your firearm.
- Secure the recoil pad using the provided screws or mounting hardware. Ensure it is firmly attached.

### 3. Usage:

- When shouldering the firearm, ensure that the heel of the recoil pad is canted approximately 45° for optimal comfort.
- Adjust your shooting stance to accommodate the recoil pad's design for effective shooting.

### 4. Maintenance:

- Clean the recoil pad with a damp cloth to remove dirt and debris.
- Store the recoil pad in a cool, dry place when not in use to maintain its condition.

## **Disposal Instructions**

- Dispose of the recoil pad in accordance with local waste disposal regulations.
- Do not incinerate the recoil pad, as it may release harmful substances when burned.
- If the recoil pad is worn or damaged, consider recycling it if possible.
