Soft, Genuine Sorbothane~

These pads don't just slow recoil down, they actually cut the kick dramatically by absorbing it! Made from soft, springy, Sorbothane, they end next-day-hurt, tame large caliber flinch and allow recoil-sensitive shooters to shoot in comfort. Won't ever bottom out. Grind and shape like regular pads, just don't allow heat to build up. 200 Series Dual Action Sporting Clays pad has two layers of Sorbothane for extra protection. The first layer reacts quickly to absorb initial recoil, while the second layer dissipates the remaining energy to maximize absorption. Heel is canted approximately 45° for easy shouldering from the "low gun" position. 300 Series All Purpose has a slightly concave face designed for all shooting applications. 300 Series Dual Action All Purpose pad combines the two-layer absorption properties of the 200 Series Dual Action pads with a flat back and downward-canted ends for easy shouldering in a wide variety shooting applications. 400 Series Trap has a more pronounced concave face than 300 Series for fixed-position trapshooting. 500 Series Magnum is designed for heavy recoiling guns and has a flat face and downward canted ends for easy shouldering. All pads feature solid sides, a black base, and leather-grain textured face.

Safety Instruction Guide for RECOIL PAD KICKEEZ LARGE 11/8" ALL PURPOSE PAD, BLACK

Introduction

Thank you for choosing the RECOIL PAD KICKEEZ LARGE 11/8" ALL PURPOSE PAD. This guide provides essential safety instructions and guidelines to ensure the safe use of this product. Please read and follow these instructions carefully to maximize safety and performance.

General Safety Guidelines

- Ensure the product is used only for its intended purpose as specified in the product description.
- Always check the product for any visible damage before use. Do not use if damaged.
- Keep the recoil pad out of reach of children and vulnerable individuals to prevent accidents.
- Be aware of your surroundings when using the product to avoid injury to yourself or others.
- Report any unsafe products or incidents to the relevant authorities.

Specific Safety Precautions for Use

- The recoil pad is designed to absorb recoil; however, it is essential to maintain a proper shooting stance to prevent injury.
- Avoid using the product in extreme temperatures or humidity, as this may affect its performance.
- Do not modify the recoil pad in any way, as this could compromise its safety features.
- Ensure that the recoil pad is securely attached to the firearm before use.
- If you experience discomfort or pain while using the product, discontinue use immediately and consult a professional.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded and safe to handle.
- Remove any existing recoil pad from the firearm if applicable.
- Align the KICKEEZ recoil pad with the stock of the firearm.
- Use appropriate screws or adhesives to securely attach the recoil pad to the firearm.
- Check that the pad is firmly in place before use.

2. Usage:

- Always wear appropriate safety gear, including eye and ear protection, when shooting.
- Position the firearm against your shoulder with the recoil pad making contact to ensure proper absorption of recoil.
- Maintain a stable shooting stance to maximize control and comfort.
- After use, clean the recoil pad with a damp cloth to remove any debris or moisture.

Disposal Instructions

- Dispose of the recoil pad in accordance with local regulations.
- If the product is damaged or no longer needed, consider recycling it if possible.
- Do not dispose of the product in regular household waste if it contains any hazardous materials.

Contact Information for Further Support

For any inquiries regarding safety or product performance, please contact the manufacturer or your local retailer for assistance. Ensure to keep your purchase receipt for warranty purposes.

By following these guidelines, you can ensure a safe and enjoyable experience with your RECOIL PAD KICKEEZ LARGE 11/8" ALL PURPOSE PAD. Thank you for your attention to safety.
