# Safety Instruction Guide for 1911 Mainspring ISMI 15 LB. C/S Spring

## Introduction

Thank you for choosing the 1911 Mainspring ISMI 15 LB. C/S Spring. This product is designed to enhance the performance of your firearm while ensuring safety and reliability. This guide provides essential safety instructions, precautions, and guidelines to ensure safe usage and compliance with EU regulations.

## General Safety Guidelines

- Ensure that all safety precautions are followed during the installation and use of the mainspring.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the mainspring for signs of wear or damage before use.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about recall updates via the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always handle firearms with care and ensure they are unloaded before performing any maintenance.
- Wear appropriate safety gear, such as safety glasses, when working with firearms.
- Follow the manufacturer's instructions for installation and usage to avoid potential hazards.
- Avoid using the mainspring if it shows any signs of corrosion, deformation, or other damage.
- Ensure that any modifications made to the firearm do not compromise the safety features.

## Instructions for Installation and Usage

### 1. Preparation

- Ensure you have the necessary tools for installation, including a punch tool and a hammer.
- Clear a workspace free from distractions and hazards.

### 2. Installation Steps

- Remove the old mainspring from the firearm by following the manufacturer's disassembly instructions.
- Inspect the new mainspring for any defects before installation.
- Align the new mainspring with the mainspring housing in your firearm.
- Gently insert the mainspring into the housing, ensuring it is seated properly.
- Use the punch tool to secure the mainspring in place. Ensure it is firmly installed but avoid excessive force that may damage the spring.

### 3. Usage Instructions

- After installation, reassemble the firearm according to the manufacturer's instructions.
- Test the trigger pull to ensure it operates smoothly and consistently.
- Conduct a function check to verify that the firearm operates safely with the new mainspring.

## Disposal Instructions

- Dispose of the old mainspring and any packaging materials in accordance with local regulations.
- Do not dispose of the mainspring in regular household waste. Check for recycling options or hazardous waste disposal facilities in your area.
