## Introduction

Thank you for choosing the 1911 Mainspring ISMI 19 lb. S/S Spring, 5Pak. This guide provides essential safety instructions to ensure the safe use and handling of this product. Please read and follow these guidelines carefully to minimize risks and ensure optimal performance.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always handle the mainspring with care to avoid injury.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the mainspring for signs of wear or damage before use.
- If you notice any defects or irregularities, do not use the product and contact the manufacturer.
- Be aware of the potential hazards associated with improper installation or use.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, such as eye protection, when handling or installing the mainspring.
- Use caution when working with firearms and ensure that they are unloaded before performing any maintenance or installation.
- Follow all manufacturer guidelines for the installation and adjustment of the mainspring.
- Do not modify or alter the mainspring in any way, as this may compromise safety and performance.
- Ensure that all tools used during installation are in good condition and appropriate for the task.
- Store the mainspring in a cool, dry place to prevent corrosion and deterioration.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and safety equipment before beginning the installation.
- Ensure the firearm is completely unloaded and pointed in a safe direction.

### 2. Installation:

- Remove the old mainspring from the firearm according to the manufacturer's instructions.
- Carefully install the new 1911 mainspring, ensuring it is properly seated and aligned.
- Check that all components are secure and functioning correctly before reassembling the firearm.

### 3. Usage:

- Test the trigger pull after installation to ensure it meets your preferences.
- Regularly check the mainspring for any signs of wear or fatigue during use.
- If you experience any issues with the trigger mechanism, consult a qualified gunsmith.

## Disposal Instructions

- Dispose of any old or damaged mainsprings in accordance with local regulations for hazardous materials.
- Do not discard in regular household waste.
- Contact your local waste management facility for guidance on proper disposal methods.
