Safety Instruction Guide for AR15/M16/308 AR Tuned Buffer Spring

Introduction

Thank you for choosing the AR15/M16/308 AR Tuned Buffer Spring from JP Enterprises. This guide provides essential safety information and instructions to ensure the safe use and maintenance of your product. Please read this guide carefully before installation and use.

General Safety Guidelines

- **Product Safety:** This product is designed to ensure safe operation within specified parameters. Always follow the guidelines to minimize risks.
- **Enhanced Recalls:** In case of product recalls, stay informed through official notifications and follow the provided instructions for safe return or remedy.
- **Online Shopping Safety:** Ensure that you purchase this product from authorized and reputable sellers to guarantee compliance with safety standards.
- **Consumer Focus:** Extra precautions should be taken when this product is used by or around vulnerable groups, including children.
- **EU Contact Point:** For safety inquiries, refer to the designated EU contact point associated with this product.
- **Rapid Alerts:** Stay updated on product safety through the EU's Safety Gate platform, which provides timely alerts on unsafe products.

Specific Safety Precautions for Use

- **Potential Hazards:**
 - Improper installation may lead to malfunction.
 - Using this product with incompatible buffer tubes may cause operational issues.
 - Always check for wear and tear on the spring before use.
- **Avoiding Hazards:**
 - Ensure proper compatibility with your rifle's specifications before installation.
 - Regularly inspect the buffer spring for signs of damage or wear.
 - Do not exceed the manufacturer's recommended specifications for use.
- **Age Specific Warnings:**
 - This product is intended for adult use only. Keep out of reach of children.

Instructions for Installation and Usage

- **Installation:**
 1. **Gather Required Tools:** You will need basic tools such as a screwdriver and a wrench.
 2. **Safety First:** Ensure the firearm is unloaded and in a safe condition before starting the installation.
 3. **Remove Old Buffer Spring:** Carefully disassemble the buffer tube and remove the old buffer spring.
 4. **Install New Buffer Spring:** Insert the new AR Tuned Buffer Spring into the buffer tube, ensuring

it is seated properly.

5. **Reassemble:** Reattach the buffer tube and ensure all components are secured.

- **Usage:**

- After installation, test the functionality of the firearm in a safe environment.
- Monitor the performance of the buffer spring during use, ensuring smooth operation.
- If you experience any irregularities, cease use immediately and inspect the spring.

Disposal Instructions

- **Disposal of Old Springs:** Dispose of the old buffer spring in accordance with local regulations for metal recycling. Do not dispose of in regular household waste.
- **Environmental Considerations:** Ensure that all disposal methods comply with environmental safety standards to minimize ecological impact.
