

# 308 AR ALTERNATE 3 SPRING PACK FOR JPSCS-10 - J P ENTERPRISES 308 AR ALTERNATE 3 SPRING PACK FOR JPSCS-10

[Rifle Parts](#) > [Receiver Parts](#) > [Recoil Parts](#) > [Recoil Springs](#)

The Alternative Spring Pack Kits are a pack of 3 different spring weights for the JP Silent Captured Spring that allow custom tuning of the device to a given rifle. While the default spring offers the best performance for the widest range of configurations, a simple disassembly and reassembly of the JPSCS-10 with a slightly different spring rate can yield truly optimized performance, particularly for rifles without an adjustable gas block. The Spring Packs are available separately or with a Standard or Heavy Capture Spring.

# Consumer Safety Instruction Guide for 308 AR Alternate 3 Spring Pack (JPSCS10)

## Introduction

Thank you for choosing the 308 AR Alternate 3 Spring Pack for the JP Silent Captured Spring (JPSCS10) by J P Enterprises. This product is designed to enhance the performance of your rifle by allowing custom tuning with different spring weights. To ensure your safety and the optimum use of this product, please read the following safety instructions carefully.

## General Safety Guidelines

- Ensure that all safety precautions are followed when handling and using this product.
- The product is intended for use by adults only. Keep out of reach of children and vulnerable individuals.
- Always inspect the product for any signs of damage or wear before use.
- Be aware of the specific requirements and regulations regarding recoil springs in your region.
- If you experience any issues with the product, discontinue use immediately and seek assistance.

## Specific Safety Precautions for Use

### • Installation Safety:

- Always ensure the rifle is unloaded before beginning installation.
- Wear safety glasses to protect your eyes from potential debris.

### • Usage Safety:

- Use the product only as intended and according to the manufacturer's specifications.
- Avoid using the spring pack in rifles with adjustable gas blocks unless specifically designed for such use.

### • Maintenance Safety:

- Regularly check the springs for wear and replace them if necessary.
- Do not attempt to modify the springs or any other components of the spring pack.

### • Emergency Preparedness:

- Familiarize yourself with local emergency services in case of accidents.
- Keep a first aid kit accessible when using firearms.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools for installation, including a screwdriver and any required wrenches.
- Ensure your workspace is clean and free from distractions.

### 2. Installation Steps:

- Ensure the rifle is completely unloaded.
- Disassemble the JPSCS10 according to the manufacturer's instructions.
- Remove the existing spring and replace it with the desired weight from the spring pack.

- Reassemble the JPSCS10 carefully, ensuring all components are securely in place.
- Conduct a function check to ensure proper installation.

### **3. Usage Instructions:**

- Once installed, test the rifle in a safe environment to evaluate performance.
- Adjust the spring weight as necessary based on performance feedback.
- Always follow safe shooting practices when using your rifle.

## **Disposal Instructions**

- Dispose of any damaged or worn springs in accordance with local regulations.
- Do not discard springs in regular household waste.
- Consider recycling options for metal components where available.

## **Contact Information for Further Support**

For any questions or concerns regarding the 308 AR Alternate 3 Spring Pack, please consult the manufacturer's website or customer service resources for assistance. Always refer to the product documentation for specific inquiries.

Thank you for prioritizing safety when using your 308 AR Alternate 3 Spring Pack. Your attention to these guidelines will help ensure a safe and enjoyable experience.
