

# 9MM GEN 2 SILENT CAPTURED SPRING SYSTEM SHORT STROKE VERSION - J P ENTERPRISES 9MM GEN2 SILENT CAPTURE SPRING SHORT STROKE STEEL/TUNGSTEN

[Rifle Parts](#) > [Receiver Parts](#) > [Recoil Parts](#) > [Recoil Springs](#)

The 9mm Silent Captured Spring is a drop-in component that softens recoil and reduces cycling noise and vibration in your 9mm carbine. The result is a refined rifle that's a pleasure to shoot. Paired with our 9mm bolt assembly, you have the most reliable 9mm operating system available. The 9mm Short Stroke Version provides the same reliable buffering as our other 9mm SCS models but with a shorter overall stroke. Designed for competitors looking for every edge, this model offers snappier cycling with even less felt recoil thanks to the shorter stroke. Note that because of its shorter travel, a short-stroke Silent Captured Spring will not actuate the bolt catch on 9mm carbine receivers such as the GMR-15™. But, as our PCC stars always say, if you run your mag. empty at a match, you've done something wrong. Plus, the superior cycling more than makes up for it. Package includes spring and instruction sheet.

## Attributes

- Name: [J P ENTERPRISES 9MM GEN2 SILENT CAPTURE SPRING SHORT STROKE STEEL/TUNGSTEN](#)
- Manufacturer: [J P ENTERPRISES](#)
- Product no.: 452000268
- Mfr. No.: JPSCS2-9SS-5H2
- Delivery weight: 0.363kg
- Shipping height: 64mm
- Shipping width: 64mm
- Shipping length: 222mm
- UPC: 812872025162

## Item details

Made in USA

US export classification: 0A501.x

# Safety Instruction Guide for 9MM GEN 2 SILENT CAPTURED SPRING SYSTEM SHORT STROKE VERSION

## Introduction

Thank you for choosing the 9MM GEN 2 SILENT CAPTURED SPRING SYSTEM SHORT STROKE VERSION by J P Enterprises. This guide provides important safety instructions and guidelines to ensure the safe and proper use of your new product. Please read this document carefully before installation and usage.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always follow the manufacturer's instructions during installation and usage.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

## Specific Safety Precautions for Use

### • Hazard Identification:

- Improper installation may lead to malfunction or injury.
- The product may not actuate the bolt catch on certain 9mm carbine receivers, such as the GMR15™.
- Shortstroke operation may lead to increased cycling speed, which can affect handling.

### • Avoiding Hazards:

- Always ensure that the firearm is unloaded before installation.
- Use appropriate tools and follow all safety measures during installation.
- Do not exceed the recommended specifications for the product.
- If you experience any malfunction or abnormal performance, cease use immediately and consult a professional.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the firearm is completely unloaded and pointed in a safe direction.
- Remove the existing buffer and spring from the firearm.
- Insert the 9MM GEN 2 SILENT CAPTURED SPRING into the buffer tube.
- Reinstall the buffer retaining pin and ensure it is secure.
- Replace the bolt assembly and ensure it is properly seated.
- Conduct a function check to ensure proper operation.

### 2. Usage:

- Always wear appropriate eye and ear protection when operating the firearm.
- Do not operate the firearm in a manner that could cause injury to yourself or others.

- Maintain control of the firearm at all times during operation.
- If the firearm fails to cycle properly, inspect the installation and consult the manual for troubleshooting steps.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations.
- Ensure that any hazardous materials are handled safely and responsibly.
- If unsure about disposal methods, consult local waste management authorities.

## **Contact Information for Further Support**

For any questions or concerns regarding the safety and usage of your 9MM GEN 2 SILENT CAPTURED SPRING SYSTEM, please refer to the manufacturer's website or contact their customer service for assistance.

Thank you for your attention to these safety guidelines. Enjoy the enhanced performance and reliability of your new 9MM GEN 2 SILENT CAPTURED SPRING SYSTEM!
