XACT FIT TOOL KIT KART PRECISION BARREL

Safety Instruction Guide

Introduction

Thank you for choosing the XACT FIT TOOL KIT KART PRECISION BARREL. This guide provides essential safety instructions and usage recommendations to ensure a safe and effective experience while using the product. Please read this guide carefully before use.

General Safety Guidelines

- Ensure that you are familiar with all components of the tool kit before starting any work.
- Always use the tool kit in a wellventilated area.
- Keep the tool kit out of reach of children and vulnerable individuals.
- Inspect all tools for damage before use. Do not use damaged tools.
- Follow all local laws and regulations regarding the use of tools and firearms.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when using the tool kit.
- Use the barrel locating block and bench bushing as instructed to prevent accidents.
- Handle the Swiss file with care to avoid cuts or injuries.
- Ensure that the feeler gauge is used correctly to avoid misalignment.
- Do not apply excessive force when fitting barrels to prevent damage to the components or injury.
- Keep your work area organized and free of clutter to minimize the risk of accidents.

Instructions for Installation and Usage

1. Preparation:

- Gather all components of the XACT FIT TOOL KIT.
- Ensure that your workspace is clean and welllit.

2. Using the Barrel Locating Block:

- Place the barrel locating block securely on your workbench.
- Align the barrel with the locating block to ensure proper positioning.

3. Fitting the Barrel:

- Use the bench bushing to support the barrel during fitting.
- Apply the Swiss file gently to the areas that require adjustment. Use smooth, even strokes.
- Regularly check the fit of the barrel to avoid overfiling.

4. Using the Feeler Gauge:

- Insert the feeler gauge between the barrel and the frame to check for gaps.
- Adjust the fit as necessary based on the gauge readings.

5. Finishing Up:

- Once the fitting is complete, clean the work area and tools.
- Ensure that all components are stored safely for future use.

Disposal Instructions

- Dispose of any damaged or unusable components in accordance with local waste disposal regulations.
- Do not dispose of tools in regular household waste. Check for local recycling programs or hazardous waste disposal options.

Contact Information for Further Support
