AK47/74 Enhanced Safety Krebs Custom MK VI Enhanced Safety Safety Instruction Guide

Introduction

Thank you for choosing the AK47/74 Enhanced Safety Krebs Custom MK VI Enhanced Safety. This guide provides important safety instructions to ensure proper use and maintenance of your product. Please read this guide carefully to understand how to use the product safely and effectively.

General Safety Guidelines

- Ensure that you are familiar with the operation of your AK47 or AK74 rifle before using this product.
- Always treat your firearm as if it is loaded, even if you believe it is not.
- Keep the firearm pointed in a safe direction at all times.
- Store your firearm and ammunition securely, out of reach of children and unauthorized users.
- Always wear appropriate eye and ear protection when handling or firing your firearm.
- Be aware of your surroundings and ensure that you have a clear and safe area to shoot.
- Do not use this product if it shows signs of damage or wear.
- Regularly inspect your firearm and this safety device for any signs of malfunction.

Specific Safety Precautions for Use

- **Extended Safety Lever:**
 - The extended safety lever allows for easier manipulation using the firing hand. Ensure that you understand how to operate this feature before use.
- **Bolt Hold Open Notch:**
 - The bolt hold open notch allows the AK bolt to be locked to the rear by holding the charging handle. Familiarize yourself with this function to prevent accidental discharge during loading and unloading.
- **Heat Treatment:**
 - The product is heat treated to withstand repeated use. However, avoid excessive force or stress on the safety lever to maintain its integrity.
- **Compatibility:**
 - This safety is designed for standard AK47 and AK74 rifles. It is not compatible with Saiga or Underfolder models. Ensure proper compatibility before installation.

Instructions for Installation and Usage

1. Installation:

- Ensure your firearm is unloaded and pointed in a safe direction.
- Remove the existing safety lever according to the manufacturer's instructions for your specific AK model.
- Align the new AK47/74 Enhanced Safety with the safety selector slot.
- Press the safety into place until it is securely fitted.
- Test the safety lever to ensure it operates smoothly and correctly.

2. Usage:

- To engage the safety, push the lever to the "Safe" position.
- To disengage the safety, push the lever to the "Fire" position.
- Always check that the safety is engaged when the firearm is not in use.

Disposal Instructions

- Dispose of this product in accordance with local regulations for nonhazardous materials.
- If the product is damaged or no longer in use, do not throw it in regular trash. Instead, contact your local waste management authority for proper disposal methods.

Contact Information for Further Support

For any inquiries regarding safety or product information, please refer to the official contact points provided by the manufacturer or your local authorities. It is important to stay informed about safety recalls and updates.

Conclusion

By following these safety instructions, you can help ensure your safety and the safety of others while using the AK47/74 Enhanced Safety Krebs Custom MK VI Enhanced Safety. Always prioritize safety and stay informed about best practices for firearm handling. Thank you for your attention to these important guidelines.
