# Safety Instruction Guide for Lyman Pocket Touch Digital Scale Set

## Introduction

Thank you for choosing the Lyman Pocket Touch Digital Scale Set. This product is designed to provide precise measurements for reloaders in a compact form. To ensure safe and effective use of this scale set, please read this safety instruction guide carefully. It outlines important safety guidelines, precautions, and instructions for proper use and disposal.

## General Safety Guidelines

- Always ensure that the scale is placed on a stable and flat surface during use.
- Keep the scale away from moisture and extreme temperatures to prevent damage.
- Avoid exposing the scale to direct sunlight for extended periods.
- Do not overload the scale beyond its maximum capacity of 1500 grains.
- Ensure that the scale is turned off when not in use to preserve battery life.
- Store the scale in a safe, dry place when not in use, away from children and pets.
- Regularly check for any signs of damage or malfunction before use. If any issues are detected, discontinue use immediately.

## Specific Safety Precautions for Use

- Handle the scale gently to avoid any physical damage.
- Do not attempt to disassemble or repair the scale yourself.
- Use the provided funnel pan and powder scoop for safe and accurate measuring.
- Always calibrate the scale using the included calibration weight before the first use and periodically thereafter.
- If using batteries, ensure they are inserted correctly and replace them with the same type (AAA) when needed.
- Keep the scale out of reach of children and vulnerable individuals to prevent accidental use or injury.

## Instructions for Installation and Usage

### 1. Unboxing and Setup:

- Remove the scale from the packaging carefully.
- Ensure all components, including the funnel pan, calibration weight, and powder scoop, are included.

### 2. Battery Installation:

- Open the battery compartment located at the back of the scale.
- Insert two AAA batteries, ensuring correct polarity as indicated in the compartment.
- Close the battery compartment securely.

### 3. Calibration:

- Place the scale on a flat, stable surface.
- Turn on the scale by pressing the power button.
- Wait for the display to show "0.00" before proceeding.
- Place the calibration weight on the scale and adjust according to the manufacturer's instructions if needed.

#### **4. Measuring:**

- Place the funnel pan on the scale.
- Use the powder scoop to add powder into the funnel pan.
- Read the measurement displayed on the screen for accuracy.
- When finished, remove the funnel pan and turn off the scale.

#### **5. Auto Shutoff Feature:**

- The scale will automatically turn off after a period of inactivity. This feature helps conserve battery life.

## **Disposal Instructions**

- Dispose of the scale and its components in accordance with local regulations.
- Do not dispose of batteries in regular waste. Instead, follow local guidelines for battery recycling or disposal.
- Ensure that the scale is completely turned off and that all batteries are removed before disposal.

## **Contact Information for Further Support**

For any safety inquiries or assistance regarding the Lyman Pocket Touch Digital Scale Set, please contact your local distributor or refer to the manufacturer's website for support resources.

## **Conclusion**

By following these safety guidelines and instructions, you can ensure the safe and effective use of your Lyman Pocket Touch Digital Scale Set. Your safety is our priority, and we encourage you to report any unsafe products or incidents to the appropriate authorities. Stay safe and enjoy your reloading experience!
